TOWN OF BROOKHAVEN
2027 TENTATIVE OPERATING BUDGET

September 30, 2026

Dear Town Clerk and Members of the Town Board:

As Supervisor and Chief Fiscal Officer of the Town of Brookhaven, and in accordance with Section 106 of New York State Town Law, I am pleased to present the **2027 Tentative Operating Budget** for your consideration.

This is my third budget as Supervisor, and it reflects the principles that continue to guide my administration: **protect taxpayers, maintain strong Town services, invest in our communities and plan responsibly for Brookhaven's future**.

The 2027 Tentative Operating Budget is structurally balanced across all six major tax districts **without using fund balance to support operations**. It remains well below the New York State Property Tax Levy Cap, with a 1.70% adjustment after accounting for the new LIPA PILOT agreement reflected in 2026 property taxes.

These results are not achieved by chance. They are the product of conservative budgeting, long-term planning and a disciplined approach to how taxpayer dollars are spent.

Brookhaven's financial strength continues to receive independent recognition. In 2026, both Moody's Ratings and S&P Global Ratings reaffirmed the Town at **AAA/Aaa—the highest credit ratings available—with stable outlooks**. The New York State Comptroller has also reported a **0.0 Fiscal Stress Score for Brookhaven**, the best possible score and another independent measure of the Town's strong financial condition.

Those results are important because fiscal responsibility is not simply about numbers on a page. Strong finances allow us to maintain services, invest in infrastructure and parks, preserve open space, respond to emergencies and plan for the future while protecting the taxpayers who ultimately pay the bills.

Confronting Rising Costs with Transparency

Like municipalities across Long Island, Brookhaven continues to face financial pressures that originate beyond Town Hall. State-mandated pension contributions, increasing health insurance expenses and the changing economics of solid-waste management continue to place pressure on local budgets.

We cannot control every outside cost imposed upon the Town. **We can control how honestly and transparently we account for those costs**.

For that reason, this budget provides residents with a clear accounting of the actual costs associated with residential refuse and recycling collection and disposal. These expenses are identified through a dollar-for-dollar user fee so residents can see what these services cost and track those costs from year to year.

For a typical single-family home, the 2027 Garbage and Refuse User Fee is limited to a **1.5% adjustment, bringing the total to $395.52**.

This is about transparency. Residents deserve to know where their money goes, what services actually cost and why those costs change.

Focusing Town Government on Its Core Responsibilities

This budget also continues my effort to focus Town resources on the fundamental responsibilities of local government and to make Brookhaven more responsive to the people we serve.

Our Town faces two challenges that must be addressed together: providing appropriate opportunities for housing and economic redevelopment while continuing our aggressive efforts to preserve open space and protect our environment.

Across Brookhaven, community-supported redevelopment plans are creating opportunities for housing, economic activity and the revitalization of existing commercial areas. At the same time, we continue to fund open-space acquisition and environmental preservation.

We are also working to make Town government faster and easier to navigate.

We have eliminated unnecessary boards and redirected resources toward professional staff, including a new Chief Building Inspector charged with improving management, creating efficiencies and streamlining the application and permitting process.

The objective is simple: **less unnecessary bureaucracy, better customer service and greater accountability**.

Investing in the People Who Protect Brookhaven's Quality of Life

A fiscally responsible government must control spending, but it must also recognize where investment is necessary. For that reason, the 2027 budget continues to invest in the Town employees who perform the essential work that residents expect from their local government every day.

From maintaining our parks and public facilities to protecting our environment, responding to constituent concerns, enforcing our codes and ensuring the safety and integrity of our neighborhoods, **our employees are on the front lines of maintaining the quality of life that makes Brookhaven a desirable place to live, work and raise a family**.

That commitment is particularly important when it comes to code enforcement and our continuing crackdown on illegal housing.

Illegal housing is not simply a zoning issue. It can create serious public safety concerns, place additional burdens on neighborhoods and infrastructure, negatively affect surrounding properties and undermine the quality of life of residents who follow the law.

That is why we will continue to dedicate the personnel and resources necessary to **aggressively investigate illegal housing, enforce the Town Code and hold property owners accountable when they disregard our laws**.

At the same time, we are investing in the professional staff necessary to make the legitimate building and permitting process more efficient and accessible. Residents and businesses who follow the rules should receive timely, professional service, while those who intentionally violate our codes should expect meaningful enforcement.

Efficiency and enforcement go hand in hand. We can make Town government easier to navigate for those doing the right thing while being more effective in addressing those who are not.

These are investments in people, but more importantly, they are investments in **Brookhaven's neighborhoods, public safety and quality of life**.

Keeping Brookhaven's Share of the Tax Bill Low

It is also important for residents to understand where the Town fits within their overall property tax bill. In 2026, the Town's share represented approximately **7.51% of the total local property tax bill for properties outside incorporated villages and approximately 4.0% within village areas**, based upon the 2025–2026 Property Tax Warrant certified by the Suffolk County Legislature. We anticipate that Brookhaven Town government will continue to represent a similarly small portion of the overall property tax bill in 2027.

Our responsibility is to make every one of those taxpayer dollars count.

2027 Tentative Operating Budget Highlights

- **Stays below the New York State Property Tax Levy Cap**, at 1.70% after the LIPA PILOT adjustment;
- **Uses no fund balance to balance the six major tax districts**;
- Maintains compliance with the Town's local **tax-rate and debt-management caps**;
- Supports Brookhaven's **AAA/Aaa credit ratings** from S&P Global and Moody's;
- Prioritizes spending on the **core functions of Town government and the employees who deliver essential services**;
- Continues the Town's **aggressive enforcement against illegal housing and serious code violations**;
- **Reduces property taxes across the Town's nine Ambulance Districts by 2.05%**;
- Fully funds our commitment to **parks and open-space acquisition**;
- Limits the Garbage and Refuse User Fee adjustment for a typical single-family home to **1.5%, or $395.52**; and
- Adds another **$200,000 to the Landfill Post-Closure Reserve**, bringing the anticipated reserve to approximately **$30 million**.

This budget demonstrates that **fiscal discipline and investment in our communities are not competing goals. We can—and must—do both**.

Brookhaven enters 2027 with structurally balanced major funds, the highest possible credit ratings, strong reserves and a continuing commitment to responsible long-term financial planning. At the same time, we are investing in the employees who maintain our parks, protect our environment, enforce our codes and serve our residents; preserving open space; supporting emergency medical services; and improving the way residents interact with Town government.

There will always be pressures on local government and difficult decisions to make. Our obligation is to confront those challenges directly, spend responsibly, enforce our laws fairly, remain transparent with the public and protect the quality of life that Brookhaven residents expect and deserve.

I look forward to working with my colleagues on the Town Board and with our residents over the coming month as the 2027 Operating Budget process continues.

Sincerely,

Daniel J. Panico
Supervisor
Town of Brookhaven

2027 Tentative Operating Budget

Supervisor Daniel J. Panico
Town of Brookhaven

OFFICE OF THE TOWN COUNCIL

OFFICE OF THE TOWN COUNCIL

Mission Statement:

The mission of the Town Council Office is to establish sound public policy, enact legislation and take appropriate action to address the needs and priorities of Brookhaven residents. The Town Council is committed to representing the public interest, providing responsible oversight of municipal operations, and planning for the Town's future while maintaining responsive and effective local government.

Department Description

The Brookhaven Town Council consists of six members, each elected to serve a four-year term. The Town is geographically divided into six council districts, providing residents with direct representation in Town government.

Council district boundaries are periodically reviewed and revised in accordance with federal and state requirements following the decennial U.S. Census. Most recently, the District Maps were revised on September 29, 2022, based upon the result of the 2020 U.S. Census.

Council members are responsible for establishing Town policy, amending the Town Code, adopting local laws, and establishing policies and procedures governing Town operations. The Town Council also reviews and approves the Town's annual Operating and Capital Budgets, helping to establish financial priorities and ensure the responsible allocation of Town resources.

In addition to their legislative responsibilities, the Town Council Offices serve as an important connection between residents and Town government. Council Offices address constituent concerns, respond to resident inquiries, coordinate with Town departments, and assist in resolving complaints and other matters affecting their respective districts. These efforts help ensure that residents receive timely, fair, and responsive assistance from Town government.

OFFICE OF THE SUPERVISOR

OFFICE OF THE SUPERVISOR

Mission Statement:

To provide effective leadership and oversight of Town government, responsibly manage the Town's finances and day-to-day operations, and ensure the efficient delivery of services that support the safety and welfare of Brookhaven residents.

Department Description

The Office of the Supervisor provides executive leadership and oversight of the day-to-day operations of Town government. As the Town's Chief Fiscal Officer, the Supervisor is responsible for maintaining a balanced budget, promoting sound fiscal management and supporting the Town's long-term financial stability.

The Office coordinates with Town departments and divisions, prepares agendas for Town Board meetings, responds to resident inquiries, and manages scheduling, communications and special projects on behalf of the Supervisor.

The Office of the Supervisor includes the Call Center, Division of Personnel, Division of Public Information and Board of Ethics.

Call Center - The Call Center operates 451-TOWN, the Town of Brookhaven's Constituent Response Center, providing residents with a central point of contact for Town information and services. Call Center representatives respond to general inquiries and assist residents with requests involving garbage collection and recycling, public safety, code enforcement, street lighting, highway maintenance, parks, Town events and other municipal services. Through 451-TOWN, residents have one convenient telephone number to access information and services across Town government.

Personnel - The Division of Personnel oversees employment opportunities, recruitment and human resources services for the Town of Brookhaven, supporting the Town's full-time, part-time and seasonal workforce. The Division works with the Suffolk County Department of Civil Service to administer hiring and employment processes and is responsible for personnel functions including Civil Service compliance, labor relations, benefits administration, employee programs and services, and coordination of payroll-related functions with the Department of Finance. The Division also promotes equal employment opportunities and a fair and inclusive workplace.

Public Information - The Division of Public Information manages the dissemination of important Town government information to residents, employees and the media through press releases, publications, advertisements, special events, the Town website, social media and other communication platforms. The Division also serves as a primary source of public communication during Town emergencies and other significant events.

Public Information manages the content and maintenance of the Town's official website and produces video programming and informational content, including *Brookhaven Today* and *Supervisor Panico on the Air*. The Division oversees government access Channel 18, the Town's television studio and related audio/video equipment, and coordinates the recording and broadcasting of Town Board and other public meetings, Town Board presentations, special events, public service announcements and other Town programming.

Board of Ethics - The Board of Ethics is a nonpartisan body responsible for interpreting and administering the Town's ethics statutes and helping Town officials and employees understand and avoid potential conflicts of interest. The Board reviews written requests for ethics opinions, provides guidance on matters involving ethical standards and conduct, and works to promote the highest standards of integrity in Town government while maintaining the confidentiality required for matters before the Board.

OFFICE OF THE ASSESSOR

OFFICE OF THE ASSESSOR

Mission Statement:

The mission of the Town of Brookhaven Assessor's Office is to provide outstanding service to our residents, fairly administer the real property tax exemption process and maintain the physical information to fairly and equitably value all real property within the Town. The Department seeks to create an equitable annual assessment roll that is at a uniform percentage of market value, as required by New York State Real Property Tax Law, and provide residents with any information necessary to review the accuracy of their property's assessed value.

Assessor's Office Description

The Assessor is appointed by the Town Board for a six-year term of office. The responsibilities of the office are governed by operation of the New York State Real Property Tax Law. The Assessor is responsible for estimating the assessed value of all property within the Town. Each assessment must be equitable with respect to other similarly situated properties and at a uniform percentage of the properties' market value.

New York State law authorizes the Assessor to grant certain real property tax exemptions to property owners and specific types of properties. The exemption process requires the annual review of each application and supporting documentation to determine eligibility.

The Assessor's Office performs the following tasks:

Valuation - Estimates the value of residential and commercial property, reviews existing assessments for fairness and equity.

Exemptions - Advises the Supervisor and Town Board of changes to State Law that impact the amount and type of real property tax exemptions granted by the Assessor.

Drafting - Assists the Suffolk County Real Property Tax Service Agency with maintaining the Town tax maps and resolves title and legal issues of property throughout the Town.

Data Entry and Record Storage - Maintains the physical information about each property within the Town.

Public Information - Provides real property tax exemption applications to the public and access to public assessment records.

Production of Certificate of Assessment & Radius Maps: Provides Certificate of Assessments and Radius Maps both in person and virtually. The radius maps are used by the Planning Board and the Zoning Board of Appeals to assist applications to notify interested parties of the pending hearing dates. This is currently done from a separate counter, exclusively devoted to providing this service to constituents both in person and online.

Assessor's Office Accomplishments for 2026

- Adopted and implemented the new exemption eligibility legislation prescribed by New York State.
- Began transitioning to the new Infor system, resulting in a more streamlined and efficient FOIL (Freedom of Information Law) processing workflow.
- Continually update the Assessor's webpage to provide the most up-to-date information for the public.
- Began an initiative to work more closely with local school districts to ensure SCAR petitions are valid and properly filed, recognizing that SCAR applicants must submit petitions to both the Town and the school district. This collaboration helps maintain accuracy, prevent improper filings, and support a more consistent review process.
- Further strengthened and refined departmental policies and procedures to ensure the Town's Assessment Roll is thoroughly protected and effectively supported throughout Tax Certiorari and Small Claims Assessment Review proceedings.
- Further enhanced the electronic filing system for grievances and conducted the Assessor's Grievance Day in person, as well as adding a second in person day to support influx.
- Continued full compliance with New York State's mandate for secondary senior-citizen exemption notification, delivering information to Brookhaven residents in a more streamlined and cost-effective manner.
- Continued reviewing all exemptions that no longer apply to specific parcels to ensure accuracy and support increases to the taxable assessment roll.

Assessor's Office Goals for 2027

- Continually update the Assessor's Office webpage to provide more detailed assessment roll information and specific property inventory information.
- Work to get Assessor's Office staff fully trained and up to speed with the new Infor system, improving integration and communication with other Town departments such as Building, Planning, Information Technology, and Law.

- Look into developing a new avenue of electronic communication between the Assessor's Office and residents, working with Tyler Technologies to expand modern, resident-focused digital outreach.
- Assist seniors to comply with the New York State Income Verification Process for annual property tax exemption applications.
- Continue cooperative sharing of government services with our incorporated villages to further reduce the cost of local government.
- Continue working with the Department of IT and Tyler Technologies to obtain the use of an electronic grid system to analyze and negotiate SCAR cases. This process is currently underway with an expected completion date in the second quarter of 2027.
- Continue the initiative to work more closely with local school districts to ensure SCAR petitions are valid and properly filed, recognizing that SCAR applicants must submit petitions to both the Town and the school district.
- Continued with the cross-training initiative to ensure the smooth operation of the department.
- Continue the updating the assessment roll to remove outdated and expired exemptions of all types.
- Validate all sales with NYS to ensure an accurate calculation of the Town's Residential Assessment Ratio (RAR). A properly calibrated RAR is essential to the Town when calculating correct market value for all assessments.

DEPARTMENT OF FINANCE

*Reports to Audit Committee

DEPARTMENT OF FINANCE

Mission Statement:

To oversee the Town of Brookhaven's Purchasing, Accounting, Debt Management, Grants, Insurance and Risk Management, Cash Investments, Ambulance Financial Coordination, and Budgetary preparation compliance functions. The Department ensures compliance with all applicable New York State laws, Comptroller requirements, local laws, Generally Accepted Government Accounting Standards, federal statutes, and Town Board policies.

Department Description

The Finance Department manages the Town's day-to-day fiscal operations, including recording transactions, issuing financial reports, managing cash flow, investments, billing, accounts receivable, and revenue accounting. It oversees purchasing activities, vendor management, purchase orders, invoice processing, payments, payroll administration, and internal controls.

The Department manages Public Improvement and Capital Project finances, including debt issuance and maintenance of credit-rating agency relationships. It oversees Risk Management, Insurance Policies, Internal Audit, the annual external audit, and preparation of audited financial statements.

The Department administers the application, award, and reimbursement of Grants and prepares the annual Schedule of Expenditures of Federal Awards (SEFA).

The Purchasing Division administers the Town's Procurement Policy and issues public bids and requests for proposals, ensuring objective competition, preventing waste and favoritism, and protecting taxpayers' interests. All procurement activities comply with federal, state, county, and local regulations.

The Department supports development of the annual operating and capital budgets, provides budget oversight and compliance throughout the fiscal year, and issues required financial and budgetary reports.

2026 Accomplishments

- Maintained Triple A credit ratings with Standard & Poor's and Moody's.
- Maximized interest earnings through strategic investment management.
- Administered 60+ Capital Grants and secured 16 new awards totaling $38.4 million.
- Submitted 19 additional grant applications requesting over $30 million in Public Improvement funding.
- Completed all ARPA projects and ensured full compliance in obligating and expenditure of funds.
- Implemented Bidnet purchasing software, improving efficiency and vendor

participation.

- Implemented and streamlined contract execution using Docusign.
- Improved cash deposit and revenue reporting; expanded departmental online payment capabilities through Civic PADS.
- Consolidated departmental Credit Card MIDs, reducing costs and enhancing reporting.
- Issued or managed approximately 80 bids, 13 RFP/Qs, 1,300 purchase orders, and 50+ contracts.
- Achieved 100% employee enrollment in Direct Deposit.
- Digitally archived eight years of employee time sheets and implemented procedures for digitizing payroll time sheets with each payroll.
- Implemented electronic W-9 vendor attachments and expanded electronic vendor payments.
- Enhanced Tyler Enterprise ERP capabilities beginning with SaaS conversion, electronic employment verifications, and document management tools.
- Completed staff continuing professional education sessions related to procurement, banking, accounting, NYS Retirement, and budgeting as well as provided training to new hires.

Department Goals for 2027

- Continue to Maintain Triple A Credit Ratings with Standard & Poor's Financial Services and Moody's Investor Services.
- Continue to maximize Interest Income for the Town through prudent investments.
- Continue to support the implementation of new technology in departments, including cash controls and revenue reporting.
- Continue to increase the amount of grant applications submitted and awards received.
- Develop and implement grant project procurement strategies in order to streamline the grants procurement process for improved efficiency.
- Complete revisions and adopt updated procurement policy and procedures.
- Develop a departmental instructional document to accompany the Procurement Policy; outlining the steps and procedures necessary to process a purchase from beginning to end, and provide in person training to employees.
- Complete implementation of new mobile parking application software, providing the public with a more reliable and convenient way to pay for parking meters.
- Implement enhancements to Financial System modules related to Accounts Payable and Project Accounting.
- Streamline Employee Direct Deposit Advices into one advice for regular pay and separate pays.
- Fully implement employee time entry into Tyler Enterprise ERP through implementation of existing software features.
- Convert Tyler Enterprise ERP to full SaaS and decommission the on-site Adaptive Security Appliance (ASA).
- Continue to increase the number of vendors paid electronically.
- Continue cross training staff in areas of Grants, Payroll, Accounts Payable, Purchasing Division staff, and Revenue reporting.
- Continue investment in staff knowledge and skills through continuing education programs.

DEPARTMENT OF GENERAL SERVICES

DEPARTMENT OF GENERAL SERVICES

Mission Statement:

The Department of General Services strives to provide support services to enable Town Departments to meet their goals in best servicing the residents of the Town of Brookhaven through a variety of Divisions, ranging from the Vehicle Control Division for vehicle procurement, replacement and efficient fleet management, management of pool vehicles, a tank compliance program, and fuel site management; Central Reproduction and Mailroom Divisions for in-house copy reproduction and mail distribution, and Space Management support services. Additionally, the General Services Department includes the Abandoned Vehicles & Impounds Division, the Office of the Town Historian, and the four Human Services Divisions, providing programs and resources to aid and support Youth, Seniors, Veterans and Women's Services within the community.

Department Description

The Department of General Services is responsible for the management of the Central Motor Pool, Vehicle Control, Impounds and Abandoned Vehicles Divisions, Central Reproduction and Mailing Divisions, Space Management, Office of the Town Historian, as well as providing vital programs through its Human Services Divisions, which include the Youth Bureau, Senior Citizens Division and Nutrition Program, Veterans Services Division, Women's Services Division, and Dress for Success Brookhaven.

Division of Space Management- The Division of Space Management's function is to meet operational needs in terms of productive use of space and finances. Collaboration to meet the overall missions of various departments as well as individual needs is necessary to deliver services effectively and efficiently. Requests from outside organizations for use of space inside and outside of Town Hall are also managed by the Department of General Services.

Division of Vehicle Control - The Division of Vehicle Control is responsible for ordering, maintaining and final disposition of the Town's fleet of vehicles. The auto mechanics at Vehicle Control provide repair, service and maintenance to over 350 town- owned vehicles, heavy-duty equipment and machinery. Vehicles deemed surplus are sold at auction. Vehicle Control also manages five fuel sites located throughout the Town, ensuring compliance with the Suffolk County Sanitary Code and NYS DEC regulations. The fuel sites are used in the operation of Town vehicles and equipment as well as some local first responder vehicles. Additionally, all oversight of underground and above ground tanks owned by the Town of Brookhaven fall under the purview of this Division, to ensure compliance with SCDHS regulations as well as the NYSDEC.

Impounds/ Abandoned Vehicles Division - The Abandoned Vehicles Division is responsible for handling complaints received by residents and local law enforcement agencies, resulting in the removal and disposition of abandoned vehicles throughout the Town of Brookhaven, in accordance with New York State Vehicle and Traffic Law. Storing

vehicles impounded reported by the Suffolk County Police Department or the Suffolk County Sheriff's Office as road hazards or 511's and auctioning or recycling said vehicles when not redeemed by their owner. Impounded vehicles are also provided to fire districts for use in their various drills.

Central Reproduction and the Mailing Division- Central Reproduction provides daily print copies of various documents, brochures, pamphlets and flyers requested by all departments throughout the Town, including the Annual Operating and Capital Budget Books. Mailroom staff are responsible for the distribution of both internal and external mail and deliveries to all Town facilities throughout Brookhaven.

Office of the Town Historian – Serves as primary repository for Brookhaven's historical records excluding those records maintained by the Town Clerk. Historian provides research services to other Town Departments and private researchers who wish to use the Town's collections. Educational programs to outside organizations and schools can be pre-arranged. The Historian serves as a member of the Historic District Advisory Committee and submits reports annually to the New York State Historian. The Town Historian also serves as the liaison to the Town's Black History Commission, which hosts a Black History Awards Celebration in February as well as an Annual Juneteenth Celebration for all Town of Brookhaven residents.

Youth Bureau Division-
The Youth Bureau's INTERFACE program works with businesses and non-profit agencies to provide a variety of programs to Brookhaven Town Youth, including the free Prom Dress program, the Holiday Toy Drives, Back to School Supply Drive, Winter Coat Drive and Thanksgiving Food Drive. The Youth Bureau also runs the Safe Summer Nights Program at 3 Town Parks, serving young individuals throughout Brookhaven. In addition, the Youth Bureau has a Vocational program to support teens and young adults in identifying updated job postings and employment skills on a weekly basis.

Senior Citizens Division and Nutrition Program- provides support, workshops and recreational opportunities to Brookhaven's 65,000 seniors, with services designed to promote and enrich the quality of life for senior citizens. Programs include the Home Maintenance/ Repair Program, Helpline Telephone Reassurance Program for the Homebound, the Senior Nutrition Program, a host of senior citizens clubs, and the Annual two-day Senior Picnic, attended by approximately 1,200 seniors each day. The Town's Senior Center offers daily workshops, activities, exercise programs, games, DJ dances, and a variety of other programs for the Town's Senior population.

Women's Services Division- provides an array of supportive services for women in crisis or transition including the Dress for Success program, designed to assist women by providing relevant training, professional clothing and valuable resources to gain and retain employment. The Division of Women's Services partners with over 250 referral agencies throughout Brookhaven Town and Long Island. The Annual Women's Conference and Women's Recognition Awards Night are well attended events showcasing the varied achievements and services available to women throughout the Brookhaven community.

Veterans Services Division- provides outreach and support for Brookhaven veterans and their families in collaboration with Suffolk County through a Veterans Services Officer assigned to the Town of Brookhaven. Veterans receive assistance in determining which benefits they are entitled to and provided help with completing applications and obtaining referrals. The Town of Brookhaven provides a stipend to each chartered VFW Post located within the Town at our Annual Veterans Appreciation Luncheon in November. In 2024 the Town and County sponsored a Veterans Resource Fair which, due to its huge success, has become an annual event.

Department Accomplishments for 2026

The Department of General Services contracted with an Engineering Firm and established the first-ever Tank Compliance Program, aimed at better managing the 300+UST's & AST's, maintaining up-to-date permits, and ensuring compliance with State and County regulations. Building on this initiative, our goal of receiving a comprehensive report was successful. The department is also responsible for coordination, oversight and execution of a host of annual events such as the Health & Wellness Fair, Women's Conference, Martin Luther King Luncheon, Veterans Resource Fair, Senior Picnic, Youth Awards, Women's Recognition Night, Holiday Toy Drive, Coat Drive, Food Drives, Juneteenth BBQ, 6th Precinct-Level Advisory Board Community meeting and many other workshops and events.

Vehicle Control Division:

- Implemented a vehicle replacement initiative to replace town vehicles 10 years or older, which will improve reliability, reduce repair and maintenance costs, provide better fuel economy and efficiency, improve re-sale value, resulting in a reduced environmental impact and carbon footprint.
- Continued to improve the efficiency of the Town fleet by removing older, high mileage vehicles from service and replacing them with new and more efficient vehicles, suited to the needs of the job to be performed.
- Purchased upgraded diagnostic tools to be more compatible with vehicles in the fleet.
- Replaced aging heavy duty truck lift with a new lift to improve functionality.
- Provided training in oversight of fuel sites to mechanics and other staff members, to keep up with the ever-changing regulations at the Federal, State and local levels.
- Made upgrades to the fuel sites by replacing existing manhole covers with covers better suited for eliminating the elements.
- Improved shop operations with completed drum storage project.
- Continued to manage all records of intake and repairs to approximately 350 town vehicles and other equipment.
- Finalized the Tank Compliance Engineering Report and Recommendations.
- Generated revenue through auctions of outdated, older vehicles.

Abandoned Vehicles Division:

- Processed approximately 250 impounds in conjunction with local law enforcement agencies and various Town of Brookhaven Departments.
- Responded to over 700 complaints of abandoned vehicles, trailers, campers, etc.
- Achieved quicker response time to complaints of abandon vehicles.
- Generated significant revenue from impounded vehicle auctions during 2026, impound redemptions, storage fees, and revenue from disposed vehicles.
- Worked with the Department of Law, the Department of Recycling & Sustainable Materials Management, and Council Offices to remove unauthorized vehicles from roadways, sidewalks and other areas.

Office of the Town Historian:

- Promoted and researched Brookhaven's local history, handling - 25 inquiries/month.
- Coordinated and/or provided historical programs for organizations and schools throughout the Town.
- Collaborated on "Talking History with the Town Clerk" video series.
- Participated in multiple committee meetings for the Historic District Advisory Committee, the Black History Commission, the West Meadow Beach Advisory Committee and the Long Island History Librarians.
- Organized and catalogued historical collections.
- Coordinated Town Hall Gallery exhibits.
- Facilitated events for the 250th Anniversary of the Declaration of Independence.
- Supported events such as Longwood Fair, Black History Night and Juneteenth, NYS 250th and Suffolk County 250th.

Women's Services Division:

- Women's Services referral helpline continued to respond to women in crisis ranging from counseling, divorce, domestic violence groups, housing, health issues, etc.
- Continued to partner with Women's support agencies and shelters.
- Donated clothing and merchandise to Sheriff's Department Star program, Madonna Heights Shelter, Mercy Center Shelter, The Retreat Shelter, Brighter Tomorrows Shelter, Angels of Long Island and Sepa Mujer Agency.
- Provided free virtual and in-person workshops on health, finance and employment resources including Human Trafficking, Healthy Food Prep, Organic Gardening, Understanding AI, and Library programs.
- Hosted our Annual Women's Recognition event honoring 20 outstanding women in Brookhaven Town.
- Hosted our Annual Women's Conference focusing on "Navigating Women's Wellness."
- Provided Dress for Success clients' assistance with professional attire and career resources.
- Delivered Career EDGE job readiness programs, incorporating resume building, job search, LinkedIn and interview prep.
- Provided professional clothing and career counseling with our Mobile Career Center to New Hour for Women and Children, Stony Brook University and Suffolk Community College.

- Continued 12-week small business assistance to Aspiring Women Entrepreneurs, providing comprehensive business training, tools and resources to launch and grow your business.
- Launched a new "Wellbeing Project" through Dress for Success. This 6-week class with 15 participants included topics on financial skills, mental health coping skills, etc.

Senior Citizens Division:

- Continued to provide quality, nutritious meals through the Congregate Meal Program at the Rose Caracappa Senior Center and Mastic Recreation Center to over 200 seniors each day.
- A "Grab and Go" lunch program created in 2023 has been met with success at both centers with approximately 30,000 meals provided in 2026.
- The Home-Delivered "Meals on Wheels" Program is expected to deliver approximately 53,000 home delivered meals by the end of 2026 to isolated seniors who are unable to attend the in-person Congregate Lunch Program.
- The ever-popular two-day Annual Senior Picnic was again completely sold-out, consistent with previous years, serving nearly 1,200 seniors each day.
- Membership in the 12 Senior Clubs continued to increase, with another Senior Club established by year's end.
- Senior citizens continue to enjoy a wide array of activities at the Rose Caracappa Senior Center, with new programs being offered regularly. Over 28 activities are offered on a weekly and/or monthly basis at the Senior Center, and each month numerous "special activities" are scheduled and open to all seniors within Brookhaven Town.
- Four DJ Dances are held each year at the Senior Center, enjoyed by over 120 seniors who dance and celebrate each season.
- Volunteers provided daily reassurance calls to homebound or isolated seniors.

Veterans Services Division:

- Worked in a shared partnership with Suffolk County, a Veterans Service Officer (VSO) continued to assist veterans by gathering and providing information on benefits available to Veterans.
- Continued working with veteran leaders in the community to provide food and clothing for veterans in need.
- The Veterans Services Officer contacted hundreds of veterans and their families via phone, email, and face-to-face communication.
- Hosted the 3rd Annual Veterans Resource Fair at Town Hall.

Youth Bureau Division:

- Provided gowns and accessories to 68 girls through the ever-popular Prom Gown Program, growing in number each year.
- Distributed winter gear to 2,103 individuals through the Winter Coat Program.
- Increased attendance at three locations for the Safe Summer Nights Program.
- Supported 230 youth through the vocational employment program.
- Helped disadvantaged youth complete high school and enroll in college.
- Conducted Mental Health Awareness Month campaigns on Overdose Awareness, Suicide Prevention and Red Ribbon Week.
- Funded by the Opioid Grant from Suffolk County, in collaboration with Long Island Council on Alcoholism and Drug Dependence, the Youth Bureau hosted 3 substance abuse/prevention free workshops providing current, up-to-date information on drug abuse, ways to talk to adolescents, and resources available. This program also provided professional development to those working directly with youth and families in crisis. Continuing Education Credits were available for eligible participants.
- Funding by the Opioid Grant from Suffolk County allowed us to also collaborate with LICADD to provide in school presentations and workshops to over 2,000 individuals throughout the Town of Brookhaven raising awareness among teens, parents and professionals regarding the dangers of substance abuse, how to speak to pre-teens/teens and how to recognize when an individual is abusing drugs and alcohol and how it can be prevented.
- Joined Suffolk County Youth Bureau Anti-Human Trafficking Subcommittee as well as Suffolk County Advisory Board on Child Protection.
- Increased awareness across all Youth programs, leading to expanded community partnerships with both individual supporters and local businesses.

Department Goals for 2027

Vehicle Control Division:

- Continue the program to replace vehicles 10 years or older, as well as replace older, high mileage vehicles with more efficient vehicles.
- Provide training on Hybrid and Electric vehicles to our mechanics, to keep up with changing demands.
- Increase the number of pool vehicles available for use by Town employees.
- Provide vehicles on loan to other departments when needed for seasonal operations.
- Continue to replace aging garage doors in the vehicle repair shop and other accessories.
- Improve shop operations by having equipment inspected on a continuous, rotating basis, limiting downtime and increasing safeguards.

Abandoned Vehicles Division:

- Continue improving quality of life for town residents, by removing abandoned vehicles from roadways and assisting various town departments as well as SCPD and Sheriff's Department with special projects.
- Increase revenue generated by the sale of unclaimed impounds and revenue from disposed vehicles.
- Continue to work with the Law Department and Department of RSMM on enforcement of town codes and property clean-up, including court mandated property eviction.

Women's Services Division:

- Ensure the continuity of vital programs and expand services and partnerships with referral agencies throughout Long Island.
- Continue to expand and enhance our presence in the community and provide crisis assistance and career resources, as well as personal development and healthy lifestyle workshops to women.
- Deliver onsite resources to our partner agencies via the Dress for Success Mobile Career Center and Boutique.
- Continue fundraising efforts for Dress for Success and Women's Services outreach initiatives.
- Build on the success of the Annual Women's Recognition Event and Annual Women's Conference.

Senior Citizens Division:

- Continue to increase the number of seniors participating in the Congregate Nutrition Program.
- Increase meals distributed through the "Grab and Go" program launched in 2023.
- Continue to expand the number of educational seminars and informational workshops programs being offered to seniors and evaluate possible methods to increase attendance or programs as needed.
- Offer additional exercise and wellness classes to accommodate increased participation and encourage healthy aging.
- Continue meeting nutritional needs of our senior citizen population with menus prepared by a registered dietician according to Health Department Meal Service Standards.
- Continue the ever-popular Senior Dances, Senior Picnic and create more opportunities for social engagement through additional events.
- Expand partnerships with local healthcare providers, community organizations, and local agencies to connect seniors with valuable services and support.

Office of the Town Historian:

- Continue educational outreach and research access.
- Expand collaboration with town departments and historical video projects.
- Preserve and catalog historical materials.
- Continue to curate Town Hall Gallery exhibits.
- Assist with events: Juneteenth, Senior Picnic, Longwood Fair and Black History Night.

Veterans Services Division:

- Continue working with veterans to help them obtain their benefits and continue community outreach to help veterans and their families who are in need.
- Continue to collaborate with Suffolk County Veterans Services Division to host the annual Veterans Resource Fair.
- Build on the success of the Veterans Services Division to reach and assist more veterans and their families.

Youth Bureau Division:

- Implement creative strategies to increase youth participation in Safe Summer Program.
- Enhance job program search and employment skill-building efforts for teens and young adults.
- Improve program visibility across Brookhaven using social media, email contacts, and newsletters.
- Continue the successful Holiday Toy Drive, Thanksgiving Food Drive, Winter Coat Drive, and other Youth programs hosted by the Town.
- Enhance and expand the Prom Boutique, offering prom attire and accessories to teens in the Town.
- Increase engagement of the Youth Board by encouraging participation while offering support to all the Youth Bureau and Interface programs and events throughout the year.

DEPARTMENT OF HIGHWAY

DEPARTMENT OF HIGHWAY

Mission Statement:

To maintain, repair and reconstruct Town-owned roads, drainage systems, culverts, bridges, sluiceways and boardwalks. Under New York State Highway Law, it is the responsibility of the Superintendent to cause the above to be kept in good repair and free from obstructions caused by snow; to inspect the highways; to employ such persons as may be necessary for the maintenance and repair of Town highways; to provide for the supervision of such persons; to construct and keep in repair sluices and culverts; to cause the waterways, bridges and culverts to be kept open; to cause loose stones lying in the beaten track of every Town highway to be removed; to cause briars, brush and noxious weeds growing within the bounds of Town highways to be cut and removed; to attend public meetings called by the Department of Transportation; to maintain all sidewalks in the Town; and to perform such duties and have such powers as may be imposed or conferred by law, or the rules and regulations of the Department of Transportation.

Department Description

Highway- The Highway Department is responsible for over 3,617 lane miles of roadway throughout the Town of Brookhaven, making it the third largest roadway system in New York State. The Department is responsible for the day-to-day maintenance of the roadways, and undertakes removal of dead, damaged and dangerous trees in Town right-of-way areas. The Highway Department receives over 1,000 warranted requests for tree removal on an annual basis. Other areas of responsibility for the Highway Department include the identification and associated mitigation of drainage problems as well as repairing concrete curbs, handicap ramps, sidewalks and driveway aprons.

Traffic Safety- The Division of Traffic Safety's mission is to maintain and improve traffic safety on Brookhaven roadways by reducing traffic related accidents and injuries through traffic engineering and traffic safety education. The major functions of the Division include maintenance and installation of traffic control devices such as traffic signals, pavement markings, signage and guiderail. These devices are implemented for accident prevention, traffic complaint problem solving and resolution. Traffic Safety education programs include a child passenger safety program to inspect and ensure proper installation of child safety seats as well as an elementary school-age educational program held at our Safety Town facility in Holtsville. This program teaches students pedestrian, bicycle and vehicle safety. We also provide a teen driver safety program that teaches teens the dangers of impaired and distracted driving, and an adult defensive driving education program which may reduce the cost of car insurance or points on a license.

Streetlighting- The Division of Streetlighting maintains the streetlights on all Town roadways, as well as all County and State Highways (except Sunrise Highway, the Long Island Expressway and those within Incorporated Villages). At the present time, there are approximately 50,000 streetlights in the Town of Brookhaven. Each of these lights have been mapped by the Global Positioning System (GPS) and entered into our priority Streetlighting Inventory and Maintenance System (SIMS). SIMS is used to track the status of each light, its maintenance history, wattage, etc., as well as tracking warehouse inventory. The Streetlighting Division is nearing the completion of replacing all 48,000 inefficient and outdated low and high-pressure sodium streetlights and poles that currently exist across the Town with new, energy-efficient and cost-effective Light Emitting Diodes (LED) streetlights. The new LED lights are up to 60 percent more efficient, have an estimated lifespan of up to 20 years and require much less maintenance, which equates to recurring annual savings in electricity. The Division also installed Ubicell Smart Photocells on major roads. These smart photocells inform the Division if a light does not work so the light can be repaired in a timely manner. Streetlighting continues to replace outdated or damaged underground wiring for the Post Top streetlights in the Town of Brookhaven.

Stormwater Management- The Division of Stormwater Management acts as the operator of the Town's MS4 (Municipal Separate Storm Sewer System). This Division designs a suite of programs and practices that minimize and prevents pollution of surface waters from stormwater. Regular upgrades to our drainage infrastructure are designed to reduce pollution and mitigate flood hazards. All stormwater infrastructure, including outfalls to surface water and catch basins, is mapped in the Town's GIS. The Division is also responsible for the design and implementation of large-scale stormwater mitigation projects, which improves water quality and enhances natural environs.

Department Accomplishments for 2026

Highway

- Resurfaced over 400 roadways through our aggressive resurfacing program, completing any necessary associated concrete work.
- Removed over 1,300 trees and stumps in the Town rights of way.
- Cleaned and repaired more than 20 recharge basins across the Town.
- Repaired 35 fences around Town owned recharge basins.
- Remedied drainage issues through infrastructure upgrades at over 60 locations.
- Continued the replacement of outdated and repair-prone vehicles in the Department's fleet.
- Eradicated excessive bamboo within rights-of-way or recharge basins at various locations.
- Completed Phase II of the refurbishment of the Mechanic's Shop located in the Coram Highway Yard.

- Initiated engineering and design services for the re-design and construction of the Sheep Pasture Road Bridge over the LIRR.
- Completed construction of the Sills Gully Road Storm damage repair project in Shoreham.
- Responded to numerous natural weather events, including the record-setting February 2026 blizzard and the September Nor'easter.
- Initiated the concrete raising and drainage project on Bayview Avenue in Ocean Bay Park, Fire Island.
- Entered into an Inter-municipal agreement with the Village of Poquott to resurface roadways within their jurisdiction.
- Entered into an agreement with National Grid to resurface identified roadways following the installation of gas main.
- Entered into an agreement with Suffolk County Water Authority to resurface identified roadways following the installation of water main.

Stormwater Management

- Completed construction of recharge basins and associated drainage systems at the following locations:
    - Mooney Pond Road, Selden
    - College Road, Selden
    - Soundway Drive, Rocky Point
    - Rocky Point Landing Road, Rocky Point
- Completed construction of the Night Heron Outfall mitigation project in Stony Brook.
- Completed construction for the road raising and stormwater mitigation project along Dyke Road in East Setauket.
- Completed construction of three Suffolk County Water Quality Protection and Restoration Program grant projects to mitigate stormwater on Bay Avenue in East Moriches, Old Neck Road in Center Moriches, and Mill Pond Road in Stony Brook.
- Completed construction for stormwater improvement priority projects identified in the *Climate Smart South Shore Communities Road End Climate Resiliency Assessment Report* at the following locations:
    - Bay Road, Brookhaven
    - Atlantic Avenue, Blue Point
    - Barry Lane, Blue Point
    - Durkee Lane, East Patchogue
- Completed construction of the Mastic Beach Marina outfall mitigation project.
- Initiated construction for the Hammond Lane recharge basin in Centereach.
- Completed design of the Moriches Island Road stormwater mitigation project in East Moriches.

- Continued with the design and initiated NYSDEC permit applications for the NYSDEC Climate Smart Communities grant project to mitigate flooding of Bellhaven Road in the hamlet of Brookhaven.
- Initiated design of the BridgeNY funded grant project to design and construct a new culvert under Barton Avenue in Patchogue.
- Initiated design for priority projects identified in the *Climate Smart South Shore Communities Road End Climate Resiliency Assessment Report* at the following locations:
    - Watchogue Avenue, East Moriches
    - Grove Street & Senix Avenue, Center Moriches

Streetlighting

- Repaired over 1,000 underground breaks.
- Replaced approximately 13,000 feet of old underground wire.
- Replaced 300 fiberglass streetlight poles with new aluminum poles.
- Upgraded 450 post top fixtures with the new dark sky compliant, energy saving LED fixtures.
- Upgraded existing and installed additional decorative lighting on Blue Point Ave in Blue Point utilizing a Suffolk County Grant.
- Installed decorative lighting on New York State Route 112 in Port Jefferson Station using Suffolk County Grant funds.
- Installed decorative post-top lighting on 25A & New York State Route 347 in Mount Sinai using Suffolk County Jumpsmart Grant.
- Continued project to upgrade decorative streetlights on Middle Country Rd in Centereach and 25A in Setauket.

Traffic Safety

- Completed maintenance of 615 traffic control devices townwide.
- Installed over 200 miles of new pavement markings.
- Completed construction of one new traffic signal and rebuilt five additional traffic signals.
- Installed over 600 L.F. of guiderail at various locations townwide.
- Completed the installation of 8 new Driver Feedback Devices.
- Installed pedestrian safety improvements including rectangular rapid flashing beacons, crosswalk upgrades, ADA ramps at 10 locations townwide.
- Awarded a grant for townwide upgrades of Guiderail systems under the Roadway Departure Safety Action Plan.
- Awarded a grant for townwide installations of Plowable Roadway Markers under the Roadway Departure Safety Action Plan.

- Continued to promote traffic safety education through our Safety Town facility including elementary school education, child passenger safety inspections, teen driver safety instructional classes, bicycle safety and adult defensive driving classes.

Department Goals for 2027

Highway

- Continue accelerated paving schedule.
- Continue aggressive efforts on recharge basin reconstruction and storm drain maintenance and installation.
- Continue replacement of outdated and repair-prone vehicles in the Department's fleet.
- Continue tree removal work to remain current.
- Replace Highway office trailers in Papermill, Manorville, Rocky Point and Centereach Yards.
- Construct new building to house the new brine system in the Setauket Yard.
- Reconstruct parking lots maintained by the Highway Department in Stony Brook and Mastic.
- Construct bulkhead replacement at Riverhead Drive, Sound Beach.
- Complete Phase II of the road end mitigation project at Woodhull Landing Road, Miller Place.
- Complete concrete raising and drainage project on Bayview Avenue in Ocean Bay Park, Fire Island.
- Implement boardwalk widening project in Cherry Grove, Fire Island.
- Complete facility improvements including HVAC, windows and roof at the Coram Administrative Building.
- Design and construct improvements at the Houghton Blvd Bridge in Stony Brook.
- Resurface the Setauket Highway Yard.

Stormwater Management

- Complete construction of the BridgeNY grant-funded Mill Road culvert replacement project in Yaphank.
- Complete construction of the Hammond Lane recharge basin and associated drainage in Centereach.
- Construct community drainage mitigation projects at the following locations:
    - Birch Avenue, Sound Beach
    - Crystal Brook Hollow Road, Mt. Sinai
    - Laura Lee Drive, Center Moriches
    - Noble Street, Blue Point

    - North Country Road and Sylvan Avenue, Miller Place
    - Seifert Avenue, Miller Place
    - Twin Pine Lane, Center Moriches
- Complete construction of the Moriches Island Road stormwater mitigation project in East Moriches.
- Continue with the multi-year project to mitigate localized flooding and address stormwater runoff on Laura Lee Drive in Center Moriches.
- Work with the Town of Riverhead to assess, make recommendations and construct watershed improvements to the Wading River Duck Ponds.

Streetlighting

- Continue project to replace aged fiberglass and wooden streetlight poles with new aluminum poles and upgrade the post top fixtures with the new dark sky compliant, energy saving LED fixtures.
- Install new LED streetlights when requested and deemed appropriate.
- Repair damaged underground wiring and upgrade existing decorative lighting on Middle Country Rd in Centereach and SR 25A in Setauket.
- Install decorative lighting on Hallock Ave-New York State Route 25A and Nesconset Highway- New York State Route 347 in Mt. Sinai.
- Install decorative lighting in the Hamlets of Eastport and Mastic Business Districts.
- Install decorative lighting on Portion Road near the Bald Hill Schoolhouse using a Suffolk County Grant.

Traffic Safety

- Implement improvements as identified in the townwide "vision zero" plan under the Safer Streets for all (SS4A) funding sources.
- Install various pedestrian safety improvements at both uncontrolled crosswalks and signalized intersections townwide.
- Construct one new traffic signal and rebuild three additional traffic signals.
- Install additional Driver Feedback Devices in school zones.
- Safely maintain all existing traffic control devices to ensure public safety.
- Rebuild, upgrade, and install new traffic control devices.
- Install new and upgrade existing guiderail townwide.
- Continue to improve and upgrade pedestrian facilities townwide.
- Install new and upgrade existing pavement markings townwide.
- Promote traffic safety education through our Safety Town facility including elementary school education, child passenger safety, teen driver safety, bicycle safety and adult defensive driving classes.

DEPARTMENT OF HOUSING & COMMUNITY DEVELOPMENT

DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT

Mission Statement:

The mission of the Department of Housing and Community Development is to provide services to Town residents through a variety of programs using federal, state, and local grant funding. The Department continues to help those families in need of housing assistance and provides programs to diverse populations within the Town of Brookhaven.

Department Description

The Department of Housing and Community Development administers the Federal Community Development Block Grant (CDBG) Program, HOME Investment Partnership Grant, Emergency Solution Grant (ESG), Housing Opportunities for Persons with AIDS Program (HOPWA), HOME-ARP American Rescue Program, Housing Choice Voucher Program (HCV), Foster Youth to Independence Program (FYI), and Family Self Sufficiency Program (FSS).

- The CDBG Program is used to fund various projects including removal of architectural barriers to accessibility, housing rehabilitation, parks and public works improvements, and several youth and family counseling service organizations.
- The Residential Rehabilitation Program provides a zero percent interest deferred loan to any income eligible homeowner in need of a handicap ramp or handicap lift to enhance access to their home. Additionally, the Rehabilitation Program provides repairs to owner-occupied single-family homes in the Town, thereby stabilizing or increasing home values. Repairs can be made on any part of the home from the chimney to the sanitary system. This program addresses any code issues first.
- The HOME Program funds a wide range of activities including building and rehabilitating affordable housing for homeownership opportunities. In addition, the funds assist low-income first-time homebuyers with down payment assistance.
- ESG funding is used to assist individuals/families who are homeless or on the verge of becoming homeless.
- The HOPWA program provides housing assistance and related supportive services to meet the housing needs of low-income individuals and their families living with HIV/AIDS.
- The HOME-ARP American Rescue Program assists individuals/families who are homeless or on the verge of becoming homeless and other qualifying populations

with rental assistance.

- The Housing Choice Voucher Program operates on an annual budget of approximately $20,000,000 and currently has the capacity to subsidize over 994 rental units monthly. Through the Housing Choice Voucher (HCV) Program, the department also administers Emergency Housing Vouchers (EHV) and Foster Youth to Independence (FYI)Vouchers.
- The Family Self-Sufficiency (FSS) Program is a five-year voluntary program offered to Housing Choice Voucher individuals and families to assist them on the path to self-sufficiency and economic independence.
- The department provides assistance to people with disabilities by providing referrals and advocating to ensure smooth transition to the service(s) they may require.
- Suffolk County 72H Program provides affordable housing opportunities through the transfer of properties from the County to the Town for affordable housing purposes. The Town works with several not-for-profit organizations to build and sell homes to income eligible families in the Town of Brookhaven.

Department Accomplishments for 2026

- Several community projects were completed through the Federal Community Development Programs, such as:
    - ADA Improvements throughout the town and villages.
    - Removal of architectural barriers throughout the Town.
    - Installed ADA curb ramps on Hillside Avenue in the Village of Patchogue and Rocketship Park in the Village of Port Jefferson.
    - Park improvements were completed at St. Michael's Recreation Center in Gordon Heights.
    - Road improvements throughout the town, specifically in Centereach and Rocky Point.
    - Closed on seven HOME constructions through the 72-H Program.
    - Completed construction of an affordable housing project through HOPWA.
    - Assisted over fifty families with rapid rehousing and homelessness prevention through the ESG program.

- Assisted homeowners through the Residential Rehabilitation Program:
    - 73 applications received
    - 6 completed projects
    - 6 in progress

- Through the Down Payment Assistance Program, fourteen first-time homebuyers were provided with down payment assistance and two are pending closing.

- Continued a partnership with United Way on the "Safe at Home Program" for senior citizens, providing PPE supplies in response to the COVID-19 pandemic.
- Implemented the Tenant Based Rental Assistance Program using HOME-ARP funds for residents who are homeless or at risk of becoming homeless.
- Maintained housing subsidy for approximately 860 individuals/families through the Housing Choice Voucher (HCV) Program, Emergency Housing Voucher (EHV) Program and Foster Youth to Independence (FYI) Program.
    - Nineteen (19) of those are successfully housed through the EHV program.
    - Twenty-four (24) of those are successfully housed through the FYI program, and two (2) additional youth are currently searching for housing.
- Continues to maintain a successful partnership with Suffolk County Department of Social Services, Long Island Coalition for the Homeless, Family and Children's Association (FCA), ECLI VIBES, and WellLife Network, by hosting regular partnership meetings to collaborate and help prevent and end youth homelessness.
    - Entered into a Memorandum of Understanding with ECLI-VIBES to provide housing support for FYI youth leveraging funding through the ESG program.
    - Entered into a Memorandum of Understanding (MOU) with WellLife Network to provide additional supportive services through care coordination.
    - FCA will increase their caseload capacity and services offered by receiving $40,000 in Community Development Block Grant (CDBG) funding through Brookhaven and additional funding through Suffolk County to support the youth in the FYI program.
- Forty-one (41) participants are currently being served in the Family Self-Sufficiency Program.
    - Three (3) participants graduated from the Family Self-Sufficiency Program and five (5) new participants enrolled in the program.
- Maintains outreach and recruitment to engage both current and prospective landlords to increase housing stock for HCV families.

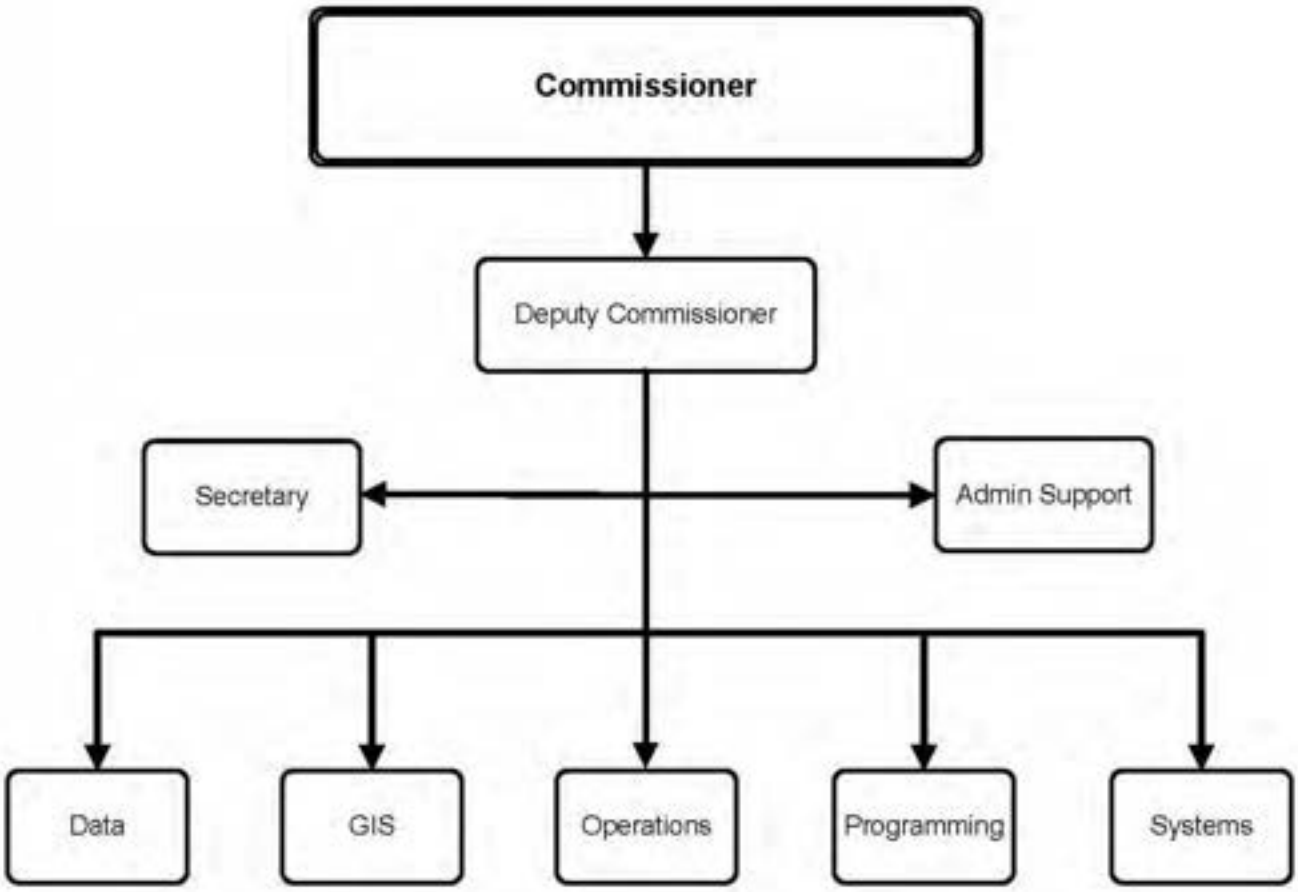

Department Goals for 2027

Community Development/Housing

- Continue to maximize all funds received from CDBG, HOME, HOME-ARP, ESG, HOPWA, HCV, EHV, and FYI to assist families in our communities.
- Continue to monitor compliance of all HUD Grant Programs and enhance policies and procedures as required.
- Will break ground on Ecke Avenue to construct 32 affordable homes, each featuring a one-bedroom accessory apartment.
- Assist additional first-time homebuyers by increasing the amount of assistance provided to compete with the surging housing market.
- Continue to address architectural barriers to bring up to compliance with the Americans with Disabilities Act (ADA).
- Continue to partner with local non-profit agencies to help provide housing opportunities for the FYI Voucher Program.
- Develop new working relationships or partnerships with community service providers to increase service delivery to FYI youth.
- The Housing Choice Voucher (HCV) program will continue to explore new ways to engage current and prospective landlords to increase housing stock for families who are having difficulty locating housing.
- Continue to introduce the FSS Program at voucher issuance and recruit additional Housing Choice Voucher recipients, including FYI Youth in joining the FSS Program.
- The Housing Choice Voucher (HCV) Program anticipates conducting a full purge of the waitlist to ensure it is more manageable and prepared for issuing vouchers to eligible families once HUD grants authorization to resume leasing.
- Implement cost-saving measures that streamline program operations while strengthening program integrity.

All revenues and associated costs for this Department are funded through Entitlement Grants from the U. S. Department of Housing and Urban Development (HUD) and other Federal and New York State Housing Grants; therefore, they are not included as part of the Town's annual Budget as there is no impact on Property Taxes.

DEPARTMENT OF INFORMATION TECHNOLOGY

DEPARTMENT OF INFORMATION TECHNOLOGY

Mission Statement:
The Town of Brookhaven Department of Information Technology (IT) is committed to using technology to improve lives. We strive to deliver secure, efficient services, foster innovation, and maintain transparency for the benefit of our community.

Department Description

The IT Department at the Town of Brookhaven manages and maintains computer and telephony systems, offers technical support to employees, ensures data security, and implements technology solutions to enhance efficiency and communication within the Town and with the community we serve.

Department Accomplishments for 2026

During 2026, the Department of Information Technology managed more than 70 formally tracked technology initiatives while continuing to provide daily technical support and maintain the Town's critical systems, infrastructure, and digital services.

- Completed the Town-wide implementation of the Infor Land Management System, modernizing permitting and land-use workflows and expanding online services for residents, businesses, and multiple Town departments.
- Established a new ArcGIS Enterprise environment and modernized the Town's geographic information systems, including cloud infrastructure, applications, data processes, legacy-script conversion, and access to updated aerial imagery and analysis tools.
- Strengthened the Town's cybersecurity posture by implementing managed detection and response services, completing the New York State DHSES Cyber Incident Response Team Rapid Risk Assessment, and advancing network segmentation, endpoint protection, identity management, and mobile-device security.
- Eliminated more than 160 legacy copper telephone lines, reducing unnecessary infrastructure and producing approximately $50,000 in annual recurring savings, while continuing to optimize telecommunications, software licensing, and technology accounts.
- Modernized IT service delivery through improvements to the ServiceNow employee portal, centralized assignment and tracking of IT work, standardized customer communications, enhanced reporting, and expanded knowledge resources.
- Launched a coordinated series of initiatives to modernize wireless connectivity and network infrastructure at Town Hall, beaches, parks, recreational locations, offices, and remote facilities. This included establishing individual projects and

beginning the assessment, planning, design, and procurement work necessary to support implementation during 2027 and beyond.

- Supported technology modernization across the Town Clerk, Finance, Assessor, Parks, Public Safety, Highway, Animal Shelter, Fire Prevention, Waste Management, and other operating departments through improved business systems, mobile connectivity, digital workflows, data services, and specialized applications.
- Improved technology governance and operational efficiency through formal project portfolio tracking, infrastructure and equipment inventories, software and license reviews, and more structured technology procurement and vendor management.

Department Goals for 2027

- Migrate the Town's legacy telephone system to a modern cloud-based platform to improve reliability, resiliency, administration, and supportability.
- Migrate the Town's electronic document management system from its current hosted environment to a modern cloud-based platform, improving accessibility, supportability, and long-term system management.
- Implement network access controls to improve visibility into devices connected to the Town network, enforce security policies, and strengthen network segmentation.
- Deploy an enterprise-wide password management solution to improve the security, oversight, and controlled sharing of administrative, departmental, and other sensitive credentials.
- Review the Town's mobile-device footprint, service assignments, and recurring licensing costs, and develop an internal portal to centralize device inventory, requests, approvals, assignments, and lifecycle management.
- Advance wireless connectivity and network infrastructure improvements at Town Hall, beaches, parks, recreational locations, offices, and remote facilities.
- Consolidate fleet management operations from two separate systems into the Town's existing enterprise work order management platform, creating a consistent process for vehicle maintenance, asset tracking, and reporting.
- Implement new digital workflows and online service capabilities for the Town Clerk's Office to improve public access and streamline internal processing.
- Transition the Town to a modern code publishing and hosting platform to improve public access to the Town Code and streamline the publication and maintenance of legislative updates.
- Continue improving IT service delivery by expanding self-service resources, strengthening request intake and tracking, improving reporting, and bringing more departmental technology work into consistent and measurable workflows.

DEPARTMENT OF LAW

DEPARTMENT OF LAW

Mission Statement:

To provide legal counsel to all government entities within the Town of Brookhaven. The Department also efficiently and effectively enforces the Town Code to aid in protecting the health, safety, and welfare of the residents of the Town of Brookhaven.

Department Description

The Department of Law acts as general in-house legal counsel to all government entities within the Town of Brookhaven, providing legal advice, defending lawsuits, and prosecuting violations of the Town Code. The Department handles the following categories of work:

Investigations- investigates and prosecutes violations of the Town Code.

Contracts & Leases- negotiates, drafts, and enforces all contractual relationships with the Town. Also collects judgments and handles contract litigation.

Insurance and Risk Management- processes, adjusts, and defends all non-land use claims against the Town of Brookhaven. Prepares legal papers, conducts depositions, and attends court appearances to protect the interests of the Town.

Special Districts- handles the legal mechanism used to deliver specific services to residents that are not being provided on a Town-wide basis. The Town has been consolidating districts to be more efficient and cost effective.

Parking Violations Bureau- responsible for processing and resolution of parking citations issued by all law enforcement agencies within the Town, issuing employee ID badges and actively participating in the adjudication process at monthly hearings.

Land Management- assists the Town in acquiring open space and conducting the transactions involved in the process. Responsibilities include managing properties that have been acquired, donated, or dedicated for open space purposes as well as properties dedicated to the Town's Nature Preserve System. This includes inspecting Town properties and identifying clearing and encroachment violations.

Planning and Zoning- represents the Board of Zoning Appeals at hearings and in litigation matters. Work with Planning Department staff on land use applications and plans. Advise the Building Division on all matters.

2026 Department Accomplishments

Code Enforcement/Quality of Life

- Vigorously enforced violations of Chapter 82 and 85 and has focused on sand mining, clearing violations and encroachments on Town Open Space.
- As of September 9, 2026, 21 unsafe vacant structures have been demolished.
- Handled more than 2,738 complaints.
- Collected $2,116,532 from District Court fines, judgments, stipulations, etc.
- Coordinated inter-agency enforcement actions to address health and safety issues and preserve quality of life for Brookhaven residents.
- Added 325 properties to the Town's Vacant House/Building Registry, making owners and banks more accountable for quality-of-life code violations.
- Responded to 200 evictions, 84 evictions posted.

Execution of Lease Agreements

- Site Lease Agreement between the Town and LI Smart Solutions - at Rolling Oaks
- LI Smart Solutions to pay $150,000 upon issuance of certificate of occupancy, and 50% of revenue received from subtenants.
- Site Lease Agreement between the Town and Tag Towers - at Percy Raynor Park
- Tag to pay $150,000 upon issuance of certificate of occupancy, and 50% of revenue received from subtenants.
- Vertical Bridge - Management and Operation on behalf of Verizon Wireless at the Rose Caracappa Center site.
- Finalizing cellular lease agreements amendments with other carriers at Town sites.
- Negotiating and finalizing terms of License Agreements:
- Bridgeport Ferry - License Agreement for Use of Town Parking Spot at Port Jefferson
- License Agreement between Sound Express and the Town for use of Town underwater lands at Port Jefferson Harbor

Insurance and Risk Management

Personal Injury/Property Damage Cases

- Thirty-one new personal injury cases were received: Two cases were sent to outside counsel.
- Sixty-two personal injury cases were closed.
- Twelve cases settled.
- Three cases were discontinued.
- One case tendered to co-defendant.

Property Damage Cases

- Received 282 New Property Damage Claims.
- We recovered $45,607.44 for the Town through Affirmative Subrogation.

Special Districts

- Completed the Mastic Beach Sewer Treatment Plant formation pursuant to NYS Special District Law.
- Implemented the collection of user fees from all residences, including tax-exempt properties. This strategy also increased funding for refuse and recycling services. The amended method of financing removed the financial impact to the Property Tax Levy Growth Limit consistent with Town Law and Local Finance Law.

Land Use

- Closed on 58.94 acres of open space.

Freedom of Information Law (FOIL)

- Received and processed over 4,047 FOIL requests.

Parking Violations Bureau

- Between January 1st through August 31, 2026, collected $671,658.00 in fines.

Land Management

- Successfully secured grants from, New York State DEC Division of Water for land acquisition projects in Middle Island and East Patchogue.
- Acquired and removed the long vacant and condemned house located at 11 Hickory Drive in Mastic Beach in conjunction with RSMM.

- Worked with RSMM to undertake cleanups of open space properties and within nature preserves throughout Brookhaven Town.
- Partnered with Citizen's Campaign for the Environment on a pollinator garden grant project at a Town park in Blue Point (plantings expected Fall, 2026).
- Took ownership of a historic Revolutionary War era cemetery on Middle Country Rd. in Selden, allowing for preservation and restoration
- Entered into contract on 17 parcels in the Mastic Beach marshlands from a single owner, with an 18th lot being donated, completing the public acquisition of all vacant lands along the east shoreline of Pattersquash Creek.
- Accepted the donation of 6 parcels in Mastic Beach for open space as part of a settlement agreement.
- Provided nearly $20,000 for invasive species removal and native planting restoration along the headwaters of Pattersquash Creek in partnership with Save the Great South Bay.
- Accepted the donation of 6 parcels in Shirley, within the 0-2 year contributing area for the Carmans River as part of a settlement agreement.
- Worked with New York State on the "Blue Buffers" program to finalize the project area and begin reach out to property owners for buyouts.
- Worked alongside Suffolk County, New York State DEC and the Pine Barens Commission on curbing illegal dumping and identifying dumping hot spots and removing illegal dumping from our protected lands.
- Worked with the Suffolk County DA's office and the NYSDEC on serious environmental crimes including dumping and illegal sand mining.

DEPARTMENT OF PARKS, SPORTS, RECREATION, & CULTURAL RESOURCES

Department of Parks, Recreation & Sports, & Cultural Resources

Mission Statement:

The Department of Parks and Recreation provides year-round amenities, services and varied athletic and recreation programs to all residents of the Town of Brookhaven. The Parks Department strives to provide the very best that Brookhaven and Long Island has to offer and to enhance the quality of life for our residents.

Department Description

The Town of Brookhaven Parks Department is a year-round operation that maintains over 150 facilities throughout the Town including, but not limited to:

- Parks
- Ballfields
- Grass Cutting
- Town Hall Building & Facilities
- Beaches
- Pools
- Marinas
- Recreation Centers
- Community Events and Charity Events
- Construction/Capital Projects
- Historic Structures
- Snow Plowing

Recreation programs include:

- Baseball League - Summer/Fall & Tournaments - 5,000 players
- Soccer League - Summer - 2,000 players
- Basketball - Summer - 1,500 players
- Adult Softball - Spring through Fall - 2,500 players
- Swimming Lessons - 2,000 participants
- Girls Softball Fastpitch Program - 1,000 players
- Summer Camps and Special Recreation Programs - Approximately 1,500 participants
- Recreation Center Programs - Year-Round - 6,000 participants
- Pickleball Programs - Leagues, Clinics, and Lessons - 300 participants

The Town of Brookhaven Parks Department also provides the service of selling approximately 58,000 Virtual Annual Parking Permits which allows residents to park at Town of Brookhaven Beaches, Parks, or Pools without having to pay a daily Parking Meter fee.

2026 Department Accomplishments

- Airport Ballfields Complex
  - Completed renovation of new turf infield.
- Engineered and started construction of a new park at Kennedy Ave and Montauk Highway, Blue Point.
  - Construction is expected to be completed in Fall of 2026.
- Installed several new playgrounds throughout Town of Brookhaven Parks.
- Engineered, permitted, and construction of Maple Ave Ramp, East Moriches
  - Expected to be completed in Fall 2026.
- Historic Longwood Estate
  - Complete renovation of the Barn, and Caretaker's Cottage.
- Completed and Installed New Floating Docks
  - Port Jefferson Marina
  - Mount Sinai Marina
  - Setauket Dock
- St Michaels Recreation Center
  - New Basketball Courts
  - New ADA Accessible Playground
  - New Handicap Ramp to the Building
  - Lighting Upgrades
  - Landscaping Upgrades
- Animal Shelter
  - Completed extensive interior renovation including the following
    - New Laundry Room
    - New Flooring
    - New Veterinarian Area
- Medford Athletic Complex
  - New Batting Cages
  - Landscaping Upgrades
  - Irrigation Upgrades
- Diamond in the Pines
  - Interior and exterior bathroom renovations.
- New Village Bocce Ball Courts
  - Complete renovation of the bocce courts, lighting, landscaping, and irrigation.
- Town Hall Sewage Treatment Plant
  - Completed extensive renovation and reconstruction.
- Town Hall Building

    - Upgraded exterior and interior lighting to LED energy efficient lighting.
    - Reconstructed and renovated front entrance and north employee entrance.
    - Several ADA upgrades, including ramps and all new warning detectable surfaces.
- Holtsville Spray Park
    - Engineered and planning of a spray park at the Holtsville Pool.

2027 Department Goals

- Continue to upgrade Town of Brookhaven Parks infrastructures
    - Playgrounds
    - Parking Lots
    - Fields
    - Pools
- Holtsville Spray Park
    - Construction of a spray park at the Holtsville Pool.
- Floating Docks
    - Mount Sinai Marina
    - Port Jefferson Marina

DEPARTMENT OF PLANNING, BUILDING, & ENVIRONMENTAL

DEPARTMENT OF PLANNING, BUILDING, & ENVIRONMENTAL

Mission Statement:

To provide optimal and effective land use within the Town of Brookhaven. To protect and enhance the quality of life in Brookhaven Town through engaging in community-based planning, environmental stewardship and working to enhance citizen education and participation.

Department Description

The Department is divided into several divisions:

Planning Division- The Planning Division works to provide for the orderly growth and development of the Town of Brookhaven through reviewing proposals for subdivision, land division, site plans, road improvements and changes of use to ensure that projects incorporate best planning practices. The Planning Division also conducts land use studies which update the Town's Comprehensive Plan and provides planning and land use recommendations to both the Planning and Town Boards.

Building Division- The Building Division reviews building permit applications and plans for the issuance of permits for new construction and alteration to existing buildings and structures. It is the only jurisdiction tasked with assuring that all Federal, State, County and Town jurisdictional requirements are met regarding the improvements to parcels with the Town. The Division inspects for compliance with the NYS Uniform Code and Town Codes and issues Certificates of Occupancy. The Division also responds to violations and takes actions necessary to compel violators into compliance.

Division of Engineering - The Engineering Division works directly with the Planning Division and the Division of Environmental Protection. They perform all inspections as they pertain to site work on all site plans, subdivisions and single-family home construction. In addition, the Division is responsible for reviewing all grading and drainage plans for subdivisions and site plans. Engineering is also responsible for all SWPPP conditional releases as well as working with an engineer and applicants for all SWPPP applications.

Division of Environmental Protection- The Division of Environmental Protection is charged with the administration, management, and implementation of all matters pertaining to the protection and preservation of the environment. This includes the issuance of Wetlands/Coastal Erosion Hazard Area (CEHA) Permits and Mastic Beach Stick Dock Permits. The Division is responsible for addressing activities that may impair, damage, or destroy natural resources; promoting environmental stewardship through

education and outreach; and administering programs that support the restoration of shellfish populations and the advancement of aquaculture initiatives.
Planning Board- In 2024, the Town Board assumed the roles and responsibilities of the Planning Board. As such, the Town Board as the Planning Board hears all applications that pertain to Planning. In addition, applicants can now file both Change of Zones and Site Plans simultaneously which in turn will provide a more expeditious review and approval process.

Historic District Review Committee- The Historic District Review Committee advises the various boards on all matters relating to existing historic districts or historic landmarks.

Special Districts: Erosion Control and Dock- The Erosion Control and Dock Districts provide services specifically to the residents of these districts, who reimburse the Town for those services through tax levies.

Department Accomplishments for 2026

- Successfully worked with the Department of Information Technology on the implementation and roll out of the Infor Land Management System.
- Reviewed and presented/approved approximately 200 planning applications. This includes both projects presented to the Planning Board, Town Board and administrative approvals.
- Continue to cut down review times by merging the application process allowing COZ and Site plans to be submitted and reviewed together, saving applicants up to a year in review.
- Made significant progress on improvements and upgrades to the Sewer District 2 and have identified additional improvements and upgrades to make.
- Obtained all permits and approvals for the Leaching pool expansion project.
- Began work on the North Shore Local Waterfront Revitalization Program.
- Created the Mastic Beach Sewer District and awarded bid for construction of the Sewer Treatment Plant.
- Implemented energy efficiency initiatives throughout the Town.
- Worked with Suffolk County, USACE and NYSDEC to have the FIMI project merged into the FIMP program to ensure routine renourishment will take place.
- Purchased and raised approximately 1.5 million hard clams and nearly 1.5 million oysters for the Shellfish Management Program.
- Planted nearly 1.6 Million Hard Clams and Oysters seed throughout the Town's waterways including Bellport Bay, Moriches Bay, Mt. Sinai Harbor, along the Carmens River and Stonybrook Yacht Club. Some were planted by our DEP staff while others were given to Not for Profit groups to plant in local waterways.
- Returned 140 bags of oyster cages back to the water for future growth.

- Early data indicated that oysters were removing about 50% of the microalgae, greatly improving water quality.
- Completed the Mastic Beach Saltmarsh Restoration plans and permits and submitted final project report to the National Fish and Wildlife Foundation.
- Continue to work with USACE to extend the project area of their Coastal Process Feature in Mastic Beach to include the full 147 area of saltmarsh habitat, including all restoration costs, boardwalk installation and property acquisitions.
- Secured numerous environmental grants that will bring environmental benefits, including habitat restoration, invasive species removal, and promoting diadromous fish migration.
- Continued working with a Master Developer for the revitalization of Neighborhood Road area in Mastic Beach.
- Implemented code updates and changes to Chapters 85 & 81 to help streamline department processes.
- Continue working with Mastic Beach homeowner's and the USACE for the house raising initiatives through FIMP.
- Worked with the USACE to begin implementing the FIMP pilot program to elevate 150 houses in Mastic Beach.
- Continued the Licensing Agreement with the Setauket Harbor Task Force, a not-for-profit, for growing Spat on Shell (SOS) at the Shore Road Marina.
- Continuing the Licensing Agreement with the Mastic Beach Conservancy to grow SOS in Marina 5.
- Developed two additional Aquaculture Farms in the Narrows for Narrow Bay Aquaculture and Doall Aquaculture.
- Continuation of the oyster reef in the FOBB Management Area.
- The department took over all the SWPPP applications to help make the process with the site plan review more streamlined and efficient.

Building Division Accomplishments 2026

- Processed over 13,00 permits and issued over 1,500 certificates of occupancy.
- Implemented same day permit issuance for pools and decks.
- Coordinated with the Call Center to create FAQ spreadsheet to improve responses to residents' inquiries.
- Redirected call center calls to reduce hold times, including creating an IT-supported hunt group with office assistance to ensure quicker responses to public questions.
- Created a group of office assistants to respond to online inquiries at the building info web-email.
- Established designated commercial inspector areas.

- Demolition evaluations and Unsafe Structure complaints are completed and inspected by each Building Inspector in a specific sector, eliminating the backlog of submitting the written reports.
- Streamlined Accessory Apartment License applications and renewals to fast-track the process by eliminating the need for appearance before the Accessory Apartment Review Board. Applicants now submit license applications together with building permit applications concurrently, reducing the wait time for review.
- Worked with the Chief Building Inspector to enhance Division efficiency and further streamline application and permit processes for improved public accessibility.
- Opened the building division up for full public access helping to streamline processes and assist residents.

Department Goals for 2027

- Continue to pursue grants to help fund environmental programs.
- Continue to work on the Local Waterfront Revitalization Plan for the North Shore of Brookhaven.
- Continue the development of the Mastic Beach Sewer District.
- Begin construction for the Leaching Pool Expansion at Sewer District 2.
- Complete the Swan Lake Management Plan.
- Continue working on the Wildlife Tunnels at Cedar Beach
- Remove invasive species from Cedar Beach, West Meadow Beach and around Swan River.
- Continue working with Columbia University on their coastal flooding plan project.
- Continue the work on the Carmans River Trail Design. Trail to be completed in 2028.
- Working to get permitted plans for the Swan River Preserve restoration.
- Perform a 10-day Shellfish survey throughout the Patchogue and Bellport Bays, for principally, hard clams, as well as razor clams and stout razor clams.
- Continue to encourage reduced reliance on fossil fuels for new buildings.
- Work with developers, engineers, attorneys and contractors to promote development while protecting the safety, health and welfare of the public.
- Encourage additional "Green" features in development plans.
- Continue to grow and plant clams and oysters throughout the North and South Shores to improve the water quality.
- Create new and innovative ways to educate residents and raise awareness on environmental issues.
- Complete the Terrel River fish passage plans.

- Hopefully expand the Towns shellfish facility to include a Hatchery so we can raise and grow our own seed, eliminating the need to purchase from outside sources.
- Continue to implement energy efficiency initiatives throughout the Town.
- Continue to update the Codes in Chapter 85 and Chapter 81.
- Continue to work on the Brookhaven Town Comprehensive Plan to support the revitalization of all Downtown areas throughout the Town of Brookhaven.
- Continue to upgrade Sewer District Number 2 building.
- Implement the Port Jefferson Station Downtown Revitalization Plan along with the County to bring sewers down to the business district of Route 112.
- Continue with the Master Developer towards revitalization of Neighborhood Road in Mastic Beach (NRRA).
- Complete the North Shore LWRP which would merge with the South Shore LWRP giving the town a full Local Water Revitalization plan.
- Modernization and simplification of department applications will lead to increased conversion rates, productivity enhancement, and an improved user experience.
- Continue to work with NYS to select eligible projects to be funded through the NY Forward Grant in the North Bellport Community.
- Continue to work with the USACE to implement the FIMP Pilot Program in Mastic Beach.
- Begin the Sheepen Peninsula saltmarsh restoration.

Building Division Goals 2027

- Fully implement, refine, and optimize the new INFOR Land Management System to create a more efficient and user-friendly application, permitting, and review process.
- Provide comprehensive training for Town staff and external stakeholders, including expeditors, builders, contractors, commercial and residential applicants, and the general public.
- Streamline the application and review process by reducing unnecessary steps, improving workflow, and shortening overall processing and review timeframes.
- Consolidate departmental reviews into one unified system, improving communication and coordination among Town departments and eliminating duplicative processes.
- Improve the applicant experience by providing a more transparent, accessible, and user-friendly process from initial application through final approval.
- Implement a simplified and standardized fee schedule that establishes clear and consistent fee parameters and makes it easier for applicants to determine the anticipated cost of proposed property improvements.

- Increase transparency and predictability of costs so residents, businesses, contractors, and other applicants can better understand applicable fees at the beginning of the process.
- Increase Town revenues through improved fee assessment and collection, ensuring that applicable fees are accurately and consistently calculated, tracked, and collected.
- Establish a more reliable revenue stream through the combination of the new fee structure and INFOR's improved tracking and accountability.
- Create greater efficiencies Town-wide by integrating systems, improving accountability, reducing processing times, and providing faster and more consistent service to the public.
- All Code Enforcement Officer (CEO) training will continue, to ensure compliance with the new New York State Code revisions.
- Review and update Chapter 85 to make Building Division procedures more efficient.

DEPARTMENT OF PUBLIC SAFETY

DEPARTMENT OF PUBLIC SAFETY

Mission Statement:

To ensure the protection, safety and security needs of our residents and the Town's employees. Members of the Department are committed to providing the residents of Brookhaven with the most prompt, courteous and efficient response to their concerns and complaints.

Department Description

The Department of Public Safety is comprised of the Division of Code Enforcement, Division of Harbors and Waterways, Division of Fire Prevention, the Office of Occupational Health and Safety, the Animal Shelter, and General Aviation. The Department meets the challenges of operating a safe and economically viable airport and to raise the level of awareness and support for the Town's Animal Shelter and Adoption Center. Department of Public Safety's additional responsibilities include the Tow Truck and Taxi Licensing Section and Noise Variances.

Division of Code Enforcement- The Division of Code Enforcement is responsible for all uniformed enforcement and security activity within the Town. The Division includes the Town Public Safety Agents, whose main responsibilities include the security of all Town properties and facilities such as buildings, parks, and marinas as well as the enforcement of appropriate Town Code violations. Public Safety Agents also assist local law enforcement with the impounding of vehicles deemed as road hazards and in violation of Section 511 of the Vehicle & Traffic Law.

Division of Harbors and Waterways- The Division of Harbors and Waterways oversees waterway operations for more than 153 miles of coastline, encompassing a water surface area of 272 square miles on both the North and South Shores. The Harbormasters, as sworn Peace Officers, enforce the New York State Navigation Law, the Environmental Conservation Law, as well as applicable Brookhaven Town Ordinances. Other responsibilities include the installation and maintenance of several hundred navigational aids in our waterways, responding to all emergency calls, including all maydays, missing/injured persons and sinking/disabled vessels occurring on our waterways and extensive shellfish enforcement. The Division supervises and administers the Town's pump-out services to our boating population and acts as liaison for the Port Jefferson Harbor Commission for communication and administrative purposes.

Division of Fire Prevention- The Division of Fire Prevention is a multifaceted unit within the Department of Public Safety. Fire Marshals are sworn Peace Officers and Certified Code Enforcement Officials. Fire prevention, life safety and enforcement of state and local codes are a few of the core responsibilities of the Division, which are achieved in a variety of ways. Review of plan submissions, issuance of permits/permissions related

to new construction, alterations and fire protection systems, inspection of premises once installations are complete, as well as annual and triennial inspection of public and privately-owned commercial buildings are all methods utilized to ensure compliance and, thus, general life safety. As the Hazardous Materials Response Team for the 38 volunteer fire departments within the Town, the Division of Fire Prevention Fire Marshals are New York State certified Hazardous Materials Technicians. The team responds to and mitigates hazardous materials incidents. As New York State certified fire investigators, Fire Marshals respond to all fires within the Town to determine the origin and cause of every fire that occurs within the Town. The Division provides fire prevention and life safety education by giving presentations to school age groups, adult/senior citizen organizations, homeowners associations, and at fire department open house events. The Office of Emergency Management (OEM) is a section within the Division of Fire Prevention and is charged with coordinating services with State, County, tribal communities, local municipalities, school districts and various Town of Brookhaven Departments and agencies to assure uninhibited operations in the event of any man-made or natural disasters. The OEM ensures the rules and regulations of FEMA and NYS Department of Homeland Security are followed, and utilizes the protocols established by the National Incident Management System (NIMS).

Occupational Safety & Health (Senior Safety Officer)- Occupational Safety and Health is tasked with ensuring a safe and hazard- free work environment and to ensure the safety and health of the active workforce by providing mandated training to employees, administering the Town's health and safety programs, and serve as liaison to the Public Employee Safety and Health (PESH) Bureau. The Senior Safety Officer also maintains the AED program and conducts various seminars and meetings with employees to enhance workplace safety and compliance with applicable laws and regulations.

Taxi & Tow Truck Licensing Administrators- Staff assigned to Public Safety administration are responsible for the maintenance and regulation of the towing and taxi industries within the Town by providing and securing documentation for the same. The staff also oversees and coordinates all steps in the licensing process between the Town's Building Division, Law Department, Fire Marshal, and Vehicle Control Division. Additionally, any code violations involving tow trucks and taxicabs are reported to the appropriate department for follow up investigation and enforcement purposes. Chapters 66 and 67 of the Town Code detail tow truck and taxicab codification.

Division of Animal Shelter - The Division of Animal Shelter and Adoption Center facilitates the placement of stray and surrendered animals into desirable homes through the cooperative efforts of public entities dedicated to the welfare of animals. The shelter promotes the prevention of overpopulation through spay and neuter programs. It conducts humane education and community programs. The shelter also handles constituent reports of stray dogs, aggressive animals, sick/injured cats and animal hoarding locations.

Division of General Aviation - The Division of General Aviation is located at Brookhaven Calabro Airport in Shirley. The buildings, runways and taxiways are maintained to ensure the safety of aviation-related users, residents, and visitors. Additional

responsibilities include oversight of the various private aviation-related businesses on airport property, flight operations of air traffic utilization, and establishing a liaison with the Federal Aviation Administration.

Department Accomplishments for 2026

Code Enforcement Division

- Continued to answer numerous quality of life complaints for the constituents of Brookhaven.
- Reduced the number of complaints at our North Shore Beach and road endings.
- Expanded the Beach Guard positions to address issues at our North Shore Beaches and road endings, eliminating costs associated with private security, while increasing revenue.
- Assisted the communities with numerous public events with duties such as traffic control, patrols, and parking enforcement.
- Town Public Safety Agents performed life saving measures at the Town of Brookhaven Senior Picnic.

Harbors & Waterways Division

- Awarded coveted Port Security Grant and received delivery of a new south shore 31' patrol boat which was put into service in the spring of 2026.
- Procured and received delivery of a new, partially grant-funded, south shore workboat.
- Responded to a rising number of incidents involving medical emergencies, water rescues, sinking vessels, navigational hazards, illegal shell fishing, and fishing in our waterways.
- Conducted numerous vessel safety checks to ensure vessels are in full compliance with all federal and state regulations.
- Installed solar-powered lighted buoys in the Conscience Bay Narrows Channel in the Port Jefferson Harbor Complex.
- All Harbormasters were recertified in Firearms requalification, CPR/AED, Stop the Bleed, and Opioid Overdose training.
- Amended the Town Code to enforce stricter marine sanitation requirements.
- Harbors & Waterways continues to work in conjunction with the Division of Environmental Protection in the Town's ongoing efforts to replenish and restore the oyster, clam, and scallop population in the Town's waterways.
- Recovered, extracted and disposed of more than 75 pilings and 15 floating docks following the winter freeze.

Division of Fire Prevention

- Working with the Town's Digital Services team completed the implementation of INFOR (Land Management System) in the Division of Fire Prevention.

- Completed a complete technology and capability upgrade of the Town Mobile Command Unit.
- Working with the Department of Planning, Environmental, Land Management, completed the review and update of the Town portions of the Suffolk County Multi-Jurisdictional Multi-Hazard Mitigation Plan (Emergency Management).
- Completed the design and build out of a new Fire Investigation Support Unit.
- Review and update of the Town Hurricane Preparedness Guide.
- Upgrade of fire alarm, intrusion, and access control systems in various Town buildings.
- Completed Generator installation at the Vehicle Control / Vehicle Repair Facility (Emergency Management).
- Expansion and upgrades to the Town video monitoring system (Joint with Public Safety Administration, Department of Information Technology and the Division of Fire Prevention).
- Working with the Town Clerk, began the process of migrating all existing paper files in the Division Offices to Laserfiche.

Division of Occupational Safety & Health

- Conducted safety investigation and random audit and inspections of Town Departments for compliance with OSHA/PESH General Duty Clause.
- Facilitated Stop the Bleed and Opioid Overdose training for Lifeguards and Fire Marshals.
- Distributed new Narcan for all Narcan certified Fire Marshals, Bay Constables and Lifeguards.
- Provided CPR, Narcan and Stop the Bleed Training to the Town Public Safety Officers and Building Staff.
- Trained to instruct Traffic Control Flagger Training and Defensive Driving
- Worked with Highways / Union to discuss needs to bring their Traffic Control Flagger Training up to date and have adequate amounts of traffic control equipment for their various sites.

Animal Shelter

- Implemented new work schedules to enhance work efficiency.
- Fully Completed Animal Shelter Capital improvement for new laundry room.
- Responded to over 2,000 calls pertaining to violations of codes, humane concerns and impoundments of stray/loose dogs, injured or ill cats.
- Assisted local law enforcement in any matters involving animals.
- Performed over 100 in-house Free Spay/Neuter Program for Pitbulls and Pit mixes.
- Performed over 500 in-house Free Spay/Neuters for the Feral Cat Trap, Neuter and Release Program in cooperation with constituents.

- Provided monthly summer free rabies clinics in conjunction with Suffolk County Department of Health and other Municipal Townships.
- Vaccinated over 2000 public animals for the rabies virus, with an active outbreak in the town, county and neighboring counties.
- Spayed and neutered over 1500 animals in 2026.
- Updated the dog walk list procedure to increase socialization of dogs.
- Created additional volunteer and meet and greet areas to increase our dog and cat socialization and adoptions.
- Exceeded expectations for increased dog and cat adoptions.
- Fostered new relationships with rescue groups and continued to keep positive relationships with previous rescues that continually pull animals from us.
- Increased presence at community and public events.
- Established Volunteer "day trip" outings with dogs to further socialization and show our dogs in public non-shelter settings, additionally helping dogs to decompress and be less stressed overall.
- Increased volunteer opportunities by working with programs in our community such as "Hope House" and "Phoenix House."
- Increased social media presence to show shelter animals in a positive light.

Division of General Aviation

- Construction of New Airport Electric Vault
- Update Airport Layout Plan
- Runway 6-24 Rehabilitation (Design)
- Continuation of Rehabilitation of Runway 15-33 Edge Lighting & Other Appetences
- Construction of New Airport Security Perimeter Access Road
- Conference Room Renovation for meeting use
- Beginning of Preparation of Airport Capital Improvement

Department Goals for 2027

Code Enforcement

- Continue to work and build on the seasonal summer Beach Guard positions.
- Continue to limit access to our resident only entrance to North Shore Landing Road end locations.
- Expand the summer seasonal Beach Guard coverage to our South Shore locations.
- Review training guidelines and improve baseline training for Town Public Security Agents and Beach Guards.
- Increase the number of uniformed Town Public Safety Agents.

Harbors & Waterways

- Apply for a Port Security grant funded patrol boat for Mt. Sinai Harbor.
- Provide Boater Safety Courses given by the Town's Harbormasters, who are certified instructors and train additional Harbormasters to be certified to administer Boater Safety Courses.
- Train and certify new Harbormasters in Emergency Medical and Diving Training.
- Harbormasters will participate in multi-agency full scale exercises, conducted by the Dept. of Homeland Security, simulating a ferry accident or sabotage with mass casualties with the Sayville Ferry and Port Jefferson Ferry.
- Expand vessel safety checks.
- Upgrade our pump out land facility on the South Shore.

Division of Fire Prevention

- Complete migration of all existing paper files in the Division Offices to Laserfiche, working with Town Clerk.
- Continue improvements and modifications to the INFOR / Digital Services platform.
- Complete the review and update the Town of Brookhaven Comprehensive Emergency Management Plan.
- Hazardous Materials response and mitigation instrumentation upgrade.
- Begin acquisition process for new primary hazardous materials response unit.
- Generator Installation Town fueling facilities & Town Highway Vehicle Repair Facility. (Emergency Management)
- Expansion of the Town's standardized access control system in Town owned buildings.
- Working with Public Safety Administration, Department of Information Technology upgrade the Town Video monitoring system to enterprise level operating systems. Continued expansion and upgrades to the Town video monitoring system.

Division of Health and Safety

- Train 90% of the Blue and White-Collar work force in compliance with OSHA/PESH Hazard Communication and Right to Know, and NYS Workplace Violence.
- Update and ensure all Town AEDs are fully stocked and operational.
- Facilitate Stop the Bleed and Opioid Overdose training for Lifeguards and Fire Marshals.
- Review and enhance all Town-wide occupational safety and health programs in accordance with NYS Dept of Labor.
- Continue getting Town Departments up to date in Blue Collar specific Mandated OSHA trainings.

- Update fire evacuation plans and training for all Brookhaven sites.

Animal Shelter

- Comply and exceed expectations set forth by 2025/2026 New York State Animal Cares Act.
- Increase clinical services and outreach for the public.
- Digitize animal records and better utilize the existing animal shelter computer program.
- Animal Shelter capital improvement for upgrades to drainage of kennel runs add trough covers and upgraded the food storage and distribution areas.
- Capital improvement project to upgrade fencing and outdoor pens.
- Continued Capital improvements to the veterinary medical area, office areas and exterior of the building.
- Continue in-house Free Spay/Neuter Program for Pitbulls/Pit mixes and Feral Cat Trap, Neuter and Release Program.
- Continue to provide free rabies clinics in conjunction with Suffolk County Department of Health and other Municipal Townships.
- Continue relationships with local law enforcement with any matter pertaining to animals.
- Acquisition and setup of additional vehicles for transport of animals-animal control and other.
- Continue to increase the number of volunteers to better socialize our dogs and cats.
- Continue to increase adoptions and foster opportunities for dogs and cats.
- Participate in more off-site events and have additional on-site adoption events.
- Make new relationships with rescue groups to pull dogs and cats.
- Increase public humane education events.
- Continue to increase the positive social media presence.
- Continue Volunteer "day trip" outings with dogs for further socialization and show our dogs in public non-shelter settings.
- Help dogs and cats decompress and be less stressed during their stay at the animal shelter and have overall positive outcomes.

Calabro Airport

- Runway 6-24 Rehabilitation (Construction)
- Update Pavement Management Plan and Lighting Design
- Continuing to Conduct Airport/Community Meetings
- Taxiway M Pavement and Lighting Improvements (Design)

Taxi and Tow Truck Licensing

- Increase licensing of Taxi and Livery businesses.
- Continue enforcement of Town Code 66 & 67.
- Random inspections of Tow Truck and Depot billing will be enforced under Town Code 66.

OFFICE OF THE RECEIVER OF TAXES

OFFICE OF THE RECEIVER OF TAXES

Mission Statement:

The Receiver of Taxes is an elected official whose responsibilities include the printing and delivery of tax statements and the collection and distribution of tax funds. The Receiver of Taxes keeps the public informed and is available to answer inquiries.

Department Description

The Office of the Tax Receiver collects property taxes for school districts, Suffolk County, Brookhaven Town, fire districts, refuse districts, and library districts. In processing payments, the department accepts cash and checks, electronic funds, and credit cards. The office receives payments, balances transactions, makes deposits, records payments, adjusts and corrects tax bills, issues refunds, and interacts with banking institutions and other governmental entities. The Tax Receiver's office mails bills, receipts, reminders, delinquent notices, and handles protested checks and records apportionments on the tax roll.

Department Accomplishments for 2026

- Reorganized office staff to maintain staffing levels at reduced cost.
- Further enhanced online payment opportunities and payment processing.
- Worked with municipalities and Villages within Brookhaven Town and Suffolk County to provide tax collection services and enhancements.
- Increased online payment activity by more than 15 percent.
- Continued to collect a duplicate bill fee for commercial entities who request an additional copy of a tax bill.
- Mailed pie charts with the tax bills or receipts to illustrate the allocation of tax dollars.
- Reduced costs associated with the preparation and mailing of required tax receipts.
- Adjusted banking to reduce costs for deposit collection.
- Increased available online payment history for taxpayer information purposes.
- Increased online tax history available for residential and commercial customers.

Department Goals for 2027

- Continue community outreach information and resources.

- Continue to work with municipalities and Villages within Brookhaven Town to provide tax collection services and enhancements.
- Further increase online payment activity by 15 percent.

Notes:

OFFICE OF THE TOWN CLERK

OFFICE OF THE TOWN CLERK

Mission Statement:

To serve the present and future needs of the residents of the Town of Brookhaven, the Town Supervisor, the Town Council, and all other entities of Town Government.

Department Description

The Office of the Town Clerk is responsible for recording all activities of Town government and maintaining all associated documents.

In addition, the Town Clerk:

- is the Recording Secretary of the Town Board
- is the Records Management Officer and Archivist of the Town
- is the Registrar of Vital Statistics
- acts as depository for agency and special district filings
- initiated and oversees the Central Scanning Repository
- dockets and files all legal actions and legal matters involving the Town and its agencies
- performs genealogical searches upon request
- oversees bingo inspectors and reports required by New York State
- issues licenses and permits for handicapped parking, outdoor assemblage, parades, amusements/events, beach buggy, shellfish, wooden walks, peddlers, pigeons, dogs and pooch passes
- assigns boat slips for the five Town Marinas and maintains the accompanying waiting lists

Department Accomplishments for 2026

- Partnered with the IT Department to develop an improved Dog Licensing system to increase efficiencies in staff processing and ease of use for residents.
- Renewed the Town's agreement with NYSDEC to issue hunting and fishing permits to Brookhaven Town residents at Town Hall.
- Initiated a new workflow system for Municipal Notices of Cannabis License Applications Notifications, that allow for departments to analyze and submit determinations on applications within the state deadline requirements.
- Increased Shared Services throughout the town by entering into agreements with other municipalities and community group to store physical records at the Town's Regional Record Center
- Expanded on the Town Clerk's initiate to share the Town's History with monthly episodes of "Talking History with the Town Clerk."
- Continued with the Town Clerk's commitment to Community Outreach by holding monthly Library Mobile Office Hours, attending Civic Association Meetings, and

hosting community events, including a National Night Out event with over 2,500 attendees and the 12th Annual Run the Farm with 227 runners and over $15,000 raised.

Department Goals for 2027

- Enter into intermunicipal agreements with the villages, libraries, fire districts and other special districts for storage of physical records at the Regional Record Center.
- Work with the Town's Historian to inventory any records, artifacts, etc. received from Historic Societies to preserve in the renovated historic records vault.
- Security upgrades to the Town Clerk's office, including renovations of the public-facing counter, access control, and modifications of the waiting area to promote privacy during transactions.
- Increase Town Clerk Services offered online by integrating our applications and processing into a shared town software application.
- Scan and archive Highway Administration, Finance, and Planning Department records.
- Implement new department-wide software program to replace aging legacy program.

DEPARTMENT OF RECYCLING AND SUSTAINABLE MATERIALS MANAGEMENT

DEPARTMENT OF RECYCLING AND SUSTAINABLE MATERIALS MANAGEMENT

Mission Statement:

To provide our residents with comprehensive and innovative programs that, in addition to being economically sound and environmentally safe, help to create a change in how society thinks about the use of natural resources and environmental protection. The Department seeks a systemic approach to using and reusing materials more productively over their life cycle.

Department Description

The Department oversees one of the largest municipal waste management programs in the State of New York. It is responsible for the management of residential solid waste collection and the management of facilities including oversight of: a Materials Recycling Facility (MRF), a STOP program (Stop Throwing Out Pollutants) for hazardous household wastes, a transfer station, a landfill constructed to current standards that provides a disposal option for residential waste to energy ash and other recycling residues, a yard waste processing area and a residential drop-off site. The Department also oversees management of the Manorville Composting Facility, Town Sanitation Code enforcement, roadside and littered property cleanups, abandoned building demolitions, and collection of special materials from residences such as certain bulk items and scrap metal items. The Department promotes material reduction, reuse, recycling and proper disposal of waste. The Department also has active public information, outreach and participation initiatives for residents, businesses, schools, and institutions throughout the Town.

Department Accomplishments for 2026

Reuse

- Continued agreements with various non-profit organizations to reduce incoming waste streams and provide benefits to the community through product reuse (bicycles).
- Enhanced residents' abilities to donate usable goods such as furniture, cabinets, tiles, and more through a partnership with Habitat for Humanity of Long Island.

Recycling

- Successfully organized and ran 13 electronic waste/paper shredding/drug take-back events throughout the Town, with over 5,500 residents in attendance, 160,000 pounds of paper shredded, and 80,000 pounds of e-waste recycled.
- Removed over 206,000 pounds of hazardous electronic waste from the solid waste stream.
- Prevented over 12,000 gallons of hazardous liquid and 24,000 pounds of household hazardous waste from polluting the waste stream through the STOP program.

- Collected over 30,000 gallons of waste oil through our waste oil collection program, a portion of which was used to supplement the heating of the Administrative Building at the landfill.
- Dual stream recycling has proven effective as the Town now produces clean, marketable products.
- Relocated a satellite glass location in Setauket, and collected 1,136,000 lbs. of residential glass at 15 satellite locations throughout the Town. This program enables the Town to recycle glass that is used in drainage and other applications at the Solid Waste Management Facility. The Town continues to explore opportunities to re-incorporate glass into the curbside collection program.
- Provided residents access to paint recycling as part of the New York State Paint Stewardship Program, recycling approximately 50,000 gallons.
- Worked with 180 multi-family residential complexes for recycling efforts and bringing into compliance to implement successful recycling programs for their residents.
- Enhanced residents' abilities to extend the lifespan of their bicycles by partnering with the Long Island Bicycle Co-op.
- Continue to collaborate and with regional groups, private vendors and Material Recovery Facility operators to determine potentials of adding glass back into the comingle collection.
- Worked with the Town of Smithtown to provide recycling of thin film plastics to Town residents with two convenient drop-off locations at Brookhaven Town Hall and the Solid Waste Management Facility in Brookhaven.

Brookhaven Refuse and Recycling District

- Amend the Brookhaven Refuse and Recycling District (now BRRD II) to extend service to Strathmore Court Coram development adding 440 households to the district and revise the term "benefit use tax" to "user fee."
- Extended 2 collection contracts into extension year. Awarded six (6) new contracts to provide continued service to the curbside collection districts.
- Design and obtain competitive pricing for an isolation building to be constructed adjacent to the Transfer Station. This will provide a safe place to identify and isolate pass thru medical isotopes that come in thru the curbside collection program so they can be managed in accordance with regulations.

Sustainability

- The "Brew to Moo" program has diverted over 48,000 pounds of spent grains and organic food scraps produced by local brewers and Town Hall from entering the waste stream in the past 12 months. This organic material was delivered to local farms to feed animals.
- Continued food waste composting project at Town Hall. Food waste is collected at Town Hall offices and its contracted cafeteria vendor and deposited in composting bins on site to be turned into a beneficial soil amendment. Material is collected by the Town Staff with the "Brew to Moo" program.
- Provided over 2,300 tons of free compost and mulch for residents at eight Town locations and restored several properties that were demolished by the Town with over 750 tons of mulch.

- Recycled more than 59,400 pounds of shell collected through the "Half Shells for Habitat" shell collection program by Seatuck Environmental Association since program inception (beneficial use that improves water quality in Moriches Bay). Worked with Seatuck Environmental Association to improve and expand the current area of oyster shell recycling to allow for the recycling of oysters from the Village of Port Jefferson while maintaining compliance with regulations.
- Continued operation of a rooftop mounted solar array which was installed on the DRSMM Administrative Building and Mechanic's Shop at the landfill.
- Completed construction of a 23-acre Community Solar array system on the closed portion of the Landfill.
- Completed construction of a 5-acre Solar Array System on the inactive landfill at Holtsville Ecology Center and began design work for an additional 5-acre area of solar at the facility.
- Began construction on an expansion of solar resources by at the Manorville Compost Facility.
- Developed the first RSMM Poster Contest for schools, to promote waste reduction and recycling.

Quality of Life

- Demolished 12 blighted abandoned houses.
- Removed thousands of illegal signs from public rights-of-way areas.
- Issued 160 summonses for code violations (unregistered vehicles and/or litter and high grass violations).
- Sanitation Inspectors responded to nearly 4,000 private property litter complaints and over 800 residential high grass complaints.
- Roadside litter crews responded to over 800 roadside litter complaints and 26 in need of heavy equipment.
- Organized and sponsored the 18th Annual "Great Brookhaven Cleanup," a Keep Brookhaven Beautiful anti-litter campaign. This milestone event took place with nearly 2,000 participants and resulted in 81 tons of litter / debris collected.
- Continue to monitor camera system to identify illegal dumping of wastes on Town wetlands, rights of way, and within parks properties.
- Successful prosecution of several individuals found to be illegally dumping of wastes within the Town.

Landfill Operations

- Completed work on a 23.4-acre synthetic cap closure project that will limit the need for use of natural soil resources. This cap will reduce both leachate quantity and improve odor control and collection operations. New Cap design has reduced the labor associated with turf maintenance.
- Initiated design on the next 26-acre synthetic cap closure project that will reduce the area of open landfill. The permit application will be submitted in the third quarter of 2026, with construction estimated to begin in the second quarter of 2027. The new cap design will reduce odor, leachate and labor associated with turf maintenance.
- Employed the fix before failure maintenance methodology, allowing for better uptime and availability of the landfill leachate infrastructure.
- Continued our partnership with Stony Brook University to study new methods to treat landfill gas, recycle ash and improve recycling.

- Continued work on a Suffolk County Regional Solid Waste Management study in cooperation with the County and other County municipalities to review and advance recommendations of the circular economy of waste and improvement strategies on municipal solid waste strategies, waste to energy ash management, construction and demolition management and transportation of wastes and recyclables.
- The Town continues to work on developing a green energy facility at remaining areas of the landfill post closure.
- Performed a full cleaning on the existing landfill wastewater south leachate storage system.
- Begin construction on the remote monitoring system platform to provide remote support of the flare system. The system will allow remote accessibility to trouble shoot, and monitor components of the gas collection and control system. This will be an expandable system and will be expanded to include leachate collection system components in the future.
- The Emerging Contaminant Plume Investigation Report was submitted in May 2025 and accepted in July 2025. The Town held a Corrective Measures Assessment public meeting in March 2026 and submitted the report to the DEC in May of 2026. The Town received comments from the DEC and continues to review, revise and intends to resubmit revised Corrective Measures report in the third quarter of 2026.

Department Goals for 2027

- Begin construction of an additional 26 acres (I Cap) of advanced capping design system at the landfill that will allow for the potential direct integration of solar panels into the capping system.
- Continue to work and collaborate with local planning units, State Regulators, and industry leaders to identify solutions to regional issues such as limited markets to create the circular economy of recyclables and waste.
- Continued review of Waste Characterization results to guide education and enforcement of waste collection district recycling and waste management.
- Collaborate with Department of Planning, Engineering, and Land Management on the potential code modifications to increase recycling of materials on land development and renovation projects.
- Continue to collaborate and explore modifications to existing Special Taxing Districts to provide better equity in waste management costs.
- Continued installation of new gas odor control systems as part of the capping project to increase the efficiency of the existing odor management system.
- Enhance the yard waste management program to include quality control testing of compost, mulch and topsoil for better marketability of materials.
- Continue outreach programs to local communities to foster waste reduction, encourage reuse, and increase the rate of recycling.
- Provide oyster and clam shell collection for bay bottom restoration.
- Explore alternative energy production projects at the Town Landfill and Compost Facility, including solar, battery energy storage facilities and fuel cell technology.

- Advance capital improvements projects to
    - Provide for additional recycling opportunities of vape electronic devices.
    - Rehabilitation of the Transfer Station Roof system to enhance the useful life of the facility.
    - Construct an Isolation Building for waste affected by residential pass thru radiation treatments.
- Identify opportunities to utilize glass as a recycled product and create an onsite processing center for the region.
- Launch public outreach aimed at encouraging reduction of waste and reuse opportunities.

BOARD OF ZONING APPEALS

BOARD OF ZONING APPEALS

Mission Statement:

To timely and responsibly address commercial and residential land use legislation in the form of area and use variance proposals, requests for special permits and/or appeals from special permit criteria, appeals from administrative determinations of Town officials/Town agencies, requests for interpretation of Town Code, and appeals as the designated Coastal Erosion Hazard Board of Review and Historic District Advisory Council Board of Review.

Department Description

The Board of Zoning Appeals is an independent board consisting of seven members appointed by the Town Board. Its function is to review applications at public hearings (held an average of twice monthly) for the following: commercial/residential area variance and use variance requests, land divisions, requests for special permits, appeals from special permit criteria, appeals from administrative determinations of Town officials/Town agencies, interpretation of Town Code and appeals as the designated Coastal Erosion Hazard Board of Review and Historic District Advisory Council Board of Review.

The Board of Zoning Appeals is comprised of two divisions:

The Office of the Board of Zoning Appeals (hereinafter Office) is responsible for the administration and management of all matters filed with the Board of Zoning Appeals. This includes processing of applications and submissions, legal notifications requirements, and interdepartmental and resident communications. In addition, the Office actively manages the public hearing calendars.

The Board of Zoning Appeals (hereinafter Board) considers these applications through a public hearing process and issues its decisions and/or interpretations in a timely manner in accordance with Town Code requirements. In addition, the members of the Board are required to attend a minimum of four certified continuing educational training courses, in both planning and ethics, on a yearly basis in accordance with §85-31(A)of the Code.

Department Accomplishments for 2026

- The Board and the Office have continued to use revised scheduling procedures to accommodate the continuing high volume of commercial cases. In addition, the staff has worked diligently to accommodate the new code changes that affected the commercial and residential calendars.

  Without diminishing the significance of previous accomplishments of the past, the foregoing changes have allowed for a fresh "look" at the existing practices and procedures. Of particular importance is the timing of the monthly work sessions and the publication of notice of all scheduled work sessions. These changes facilitate greater Member participation and increase of public awareness of the work of the Board. Additionally, on a situation-by- situation basis, there is a continuing review of scheduling procedures to try, where possible, to eliminate unnecessary delays.

- Through August of 2026, the complexity and volume of the matters considered by the Board remained steady. Our staff works diligently to schedule applications as promptly as reasonably possible in conformity with statutory and code requirements.

- The Board continues to utilize Civic Clerk in conjunction with its operation and its communication with the public. Protocols have been established to regulate office procedure and constituent access to information regarding applications and Board proceedings.

- The Board has and will continue to comply with the requirements of Sections 267, 267-a and 267-b of the Town Law and the related sections of the Town Code as the Board reviews applications and appeals.

- The staff of the Office has been cooperating with the Town's Information Technology Department in an effort to make the implementation of the online digital Land Management System seamless with little inconvenience to the public. The Board of Zoning Appeals' participation in this new system, (known as INFOR) is scheduled to be active in September 2026.

- The Board has implemented a new policy regarding Requests for Clarifications of previous Board decisions. This new policy will make it possible for applicants to obtain minimal and insignificant modifications of area variances without having to file a full application to the Board.

Board of Zoning Appeals Goals for 2027

- The Office will continue to work with the Information Technology Department to complete a smooth transition to the new online digital Land Management System, INFOR.

- The Board of Zoning Appeals will continue to work in partnership with the Building Department, the Law Department and Code Enforcement in support of the Town Board's effort to confront quality of life issues.

- The Board of Zoning Appeals will continue to work to find ways to expedite the hearing process without diminishing the rights of the applicants or of the public.

- The Office will assist all applicants with respect to the implementation of INFOR, the new online digital management system.
